Rules under section 24(a) prescribing the manner in which the export quotas of rubber estates shall be determined.

11. The export quota of a rubber estate for any year shall bear the same ratio to the crop basis of that estate as the permissible exportable amount bears to the total of the crop bases of all rubber estates in India.

12. The unit for the purpose of calculating the crop basis of the estate shall be the area or areas under the same ownership within one district.

13. The crop basis of each estate shall be the maximum production of that estate as accepted by the Committee in any one of the six years 1928, 1929, 1930, 1931, 1932 and 1933, with the addition of such allowance for untapped mature rubber or young rubber as the Committee thinks fit not exceeding, in the case of young rubber, the yield of the same age on the estate in the year selected or, if there is no such rubber, in 1933 or any previous year:

Provided that the Committee may make such deduction as it thinks suitable—

- (1) if normal methods of production were not followed, or
- (2) if the Committee is of opinion that the planted acreage is not capable of producing the yield arrived at by the above method.

14. The crop basis of the estate or estates for which authenticated figures of production are not available shall be calculated in accordance with the scale set forth in the First Schedule:

Provided that—

- (i) if the Committee is of opinion that the planted acreage is not capable of producing by normal methods the yield as calculated in accordance with the said scale, the Committee may in its discretion make such deduction therefrom as it thinks fit;
- (ii) if the Committee is satisfied that the planted acreage has in any of the six years 1928, 1929, 1930, 1931, 1932 and 1933, actually produced by normal methods more than the yield as calculated in accordance with the said scale, it may make such additions to the crop basis of the estate as it thinks fit;
- (iii) for reasons to be recorded, the Committee may, for any estate, substitute for the allowances set out in the First Schedule such allowances as it thinks fit not exceeding the yield of rubber in the same district for which authenticated figures of production have been accepted;

(iv) where planting is scattered and calculation on an acreage basis is not possible, 150 trees of normal development shall be held to constitute one acre; and

(v) the Committee may, in its discretion, grant to those estates which owing to the absence of accounts have not been able to prove their rights to a higher maximum yield than 230 lbs. per acre such increase as, having regard to yields obtained and proved since the introduction of the Indian Rubber Control Act, 1934, and to all relevant conditions such as condition of the trees, neighbouring yields, etc., and on the basis of a tapping system of one cut alternate daily, it considers fair and equitable, but not exceeding a maximum of 300 lbs. per acre.

15. The owner of a rubber estate desiring to be allotted an export quota in any calendar year shall, on or before the 1st August in the preceding year, furnish to the Committee the particulars necessary for the fixing of the crop basis of such estate. Failing such application and the supply of such further information as the Committee may call for under sub-section (1) of section 21 of the Act, the Committee may refuse to allot any quota or may allot a quota to the best of its judgment.

16. The Governor General in Council, may, in cases of special hardship, modify the application of the foregoing rules.

17. All applications for special treatment under rule 16 shall be submitted to the Committee along with the application for the allocation of an export quota. The Committee shall forward all such applications to the Governor General in Council together with its recommendations.

18. Rubber imported into British India may be exported without licence provided it is accompanied by a certificate of origin bearing an endorsement by the Controller to the effect that export of the amount of rubber covered by the certificate is permitted.

19. If the holder of the imported rubber does not wish to export at one time the whole consignment of imported rubber covered by a single certificate of origin, the endorsement on such certificate shall specify the amount to be exported in the first instance, and the Controller shall maintain a record of the quantity of imported rubber covered by such certificate and may from time to time issue permits for the export of the previously unexported balance of such quantity in form D set forth in the Second Schedule.

Rules under section 24(c) prescribing the manner in which the right to export rubber against a deficiency of export in the previous year shall be allocated among rubber estates.

20. (1) If the holder of any estate does not wish to take a licence or licences for the export of the whole of the export quotas of that estate for any year, he may apply to the Committee for permission to carry over to the following year a portion of such export quota; and the Committee may permit him to carry over a portion of such export quota not exceeding 12 per cent of the whole with the right to obtain licences for the export thereof in the following year in addition to the quantity covered by the export quota allotted to the estate for the latter year.

(2) If for any reason other than the application of rule 20 (1) the net exports of rubber from India in any year are less than the India export allotment for that year, the India export allotment for the following year shall, for the purposes of rule 11, be increased by the amount of such deficiency:

Provided that such increase shall be limited to an amount which, with the addition of the amount of any carry-over allowed under rule 20 (1), shall not exceed 12 per cent. of the export allotment for the former year:

Provided further that the Committee may withhold such portion of the deficiency as it thinks fit from inclusion in the India export allotment for general allotment, with a view to its special allocation to meet any cases of special hardship under the orders of the Governor General in Council under rule 16.

Rule under section 24(d) prescribing the form of export licence and certificate of origin.

21. (1) Export licences issued by the Committee shall be in Form B or Form C set forth in the Second Schedule.

PART VII.—RADIO-TELEGRAPH APPARATUS.

63. *Aircraft for which apparatus is obligatory.*—Every public transport aircraft registered in British India, which is capable, according to its certificate of airworthiness, of carrying ten or more persons including the crew, shall, when used in international air navigation or on a regular air transport service operating in British India, be equipped with radio-telegraph apparatus of a type approved by the Governor General in Council capable of sending and receiving communications by radio-telegraphy or radio-telephony, and installed, bonded and screened in a manner approved by the Governor General in Council.

64. *Suspension of rules.*—The application of the rules in this Part may be suspended when owing to the lack of radio-telegraph organisations available for air traffic in a particular region the employment of radio-telegraph apparatus on board aircraft would serve no useful purpose.

PART VIII.—AIR-ROUTE BEACONS, AERODROME LIGHTS AND FALSE LIGHTS.

65. *Air-route beacons and aerodrome lights.*—(1) No air-route beacon or aerodrome light shall be established or maintained within British India, nor shall the character of the light exhibited therefrom be altered, except with the approval in writing of the Governor General in Council, and subject to such conditions as he may prescribe.

(2) No person shall wilfully or negligently injure or interfere with any air-route beacon or aerodrome light, established or maintained with the approval of the Governor General in Council, or any light exhibited therefrom.

66. *False lights.*—(1) Whenever in British India any light is exhibited—

- (a) in the neighbourhood of an aerodrome or an air-route beacon so as to be liable to be mistaken for an aerodrome light or an air-route beacon; or
- (b) which by reason of its liability to be mistaken for an aerodrome light or an air-route beacon is calculated to endanger the safety of aircraft; or
- (c) which, being in the neighbourhood of an aerodrome, is liable by reason of its glare to endanger the safety of aircraft arriving at or departing from the aerodrome,

the Governor General in Council may serve a notice upon the owner or person in possession of the place where the light is exhibited or upon the person having charge of the light, directing that owner or person within

a reasonable time to be specified in the notice, to take effectual means for extinguishing or for effectually screening the light and for preventing for the future the exhibition of any similar light.

(2) The notice may be served either personally or by post, or by affixing the same in some conspicuous place near to the light to which the notice relates.

(3) An owner or person on whom a notice under sub-rule (1) has been served shall, in the absence of reasonable cause, the burden of proving which shall be upon him, comply with the directions contained in the notice.

(4) If any owner or person on whom a notice under this rule is served, neglects for a period of seven days to extinguish or effectually to screen the light mentioned in the notice, the Governor General in Council may enter upon the place where the light is and forthwith extinguish the same, doing no unnecessary damage, and may recover the expenses incurred by him in so doing from the owner or person on whom the notice has been served.

PART IX.—LOG BOOKS.

(2) The log books shall be kept up to date in such manner as the Governor General in Council may direct.

(3) The journey log book shall be issued by the Governor General in Council; other log books shall be in the form required by the Governor General in Council.

(4) The log books shall be preserved for two years from the date of the last entry therein.

The visual signal, sent by international Morse Code, shall be composed of the last three letters of the registration group of the aircraft.

(2) Permission to land will be given by radio-telegraphy or radio-telephony or by visual signal by the same three-letter sign from the ground, made with a green light and followed by intermittent signals of the same colour.

(3) In the case of a flying machine which has alighted at night on a water aerodrome having a control, permission to proceed to the normal arrival point shall be given by signals similar to those specified in sub-rule (2), except that they shall be made with a white light.

(4) The firing of a red pyro-technical light or the display of a red flare from the ground shall be taken as an instruction that aircraft are not to land.

(5) An aircraft compelled to land at night shall before landing make with its navigation lights a series of short and intermittent flashes.

104. *Taking off*.—At night on an aerodrome having a ground control, permission for an aircraft to move on to the landing area or to take off shall be given by directing respectively an intermittent or continuous white luminous beam at the aircraft. The display of a red

signal lamp directed at the aircraft shall be taken as an instruction that the aircraft is not to move or take off.

By day similar control may be exercised by the same signals or by white and red flags when the conditions of traffic necessitate it.

105. *Call signs.*—In making or receiving signals by radio-telegraphy or other methods of communication, except by visual signals when the Morse Code is not being used, every aircraft shall use as its call sign the complete group of five-letters which constitutes its nationality and registration marks, preceded, in the case of a signal by radio-telephony, by the name of the owner of the aircraft;

Provided that after communication has been established by means of such call sign the aircraft may employ an abridged call sign consisting—

- (a) in the case of radio-telegraphy, of the first and last letters of the complete call sign of five-letters;
- (b) in the case of radio-telephony of the whole or part of the name of the owner of the aircraft followed by the last two letters of the complete call sign of five-letters:

Provided further that nothing in this rule shall affect the special provisions as to signals laid down in rules 103 and 104 and 106 to 110.

106. *Distress and emergency signals.*—(1) When an aircraft is threatened by grave and imminent danger and requires immediate assistance, the following shall be the signals of distress to be used or displayed, either together or separately:—

- (a) the international distress signal S O S, by means of visual or radio-telegraphic signals;
- (b) the international distress call "MAY DAY" (corresponding to the French pronunciation of the expression "m'aider") by means of radio-telephony;
- (c) the international code flag signal of distress, indicated by N C;
- (d) the distant signal, consisting of a square flag having either above or below it a ball, or anything resembling a ball;
- (e) a continuous sounding with any sound apparatus;
- (f) a signal, consisting of a succession of red pyro-technical lights fired at short intervals.

(2) (a) When an aircraft has a message to send stating that it is in difficulties and about to land compulsorily but does not require immediate assistance, it shall preface its call with three repetitions of the urgency signal PAN.

(b) When the signal PAN is received from an aircraft without any message following, it shall signify that the aircraft has been compelled to land and is unable to transmit its intended message owing to the rapidity of the landing, but does not require immediate assistance.

(c) When the signal PAN is sent by radio-telegraphy, the three letters shall be well separated so that the signals AN are not transformed into one signal P.

(3) When an aircraft or other radio-electric station has a very urgent message to send concerning the safety of the aircraft, or of any person on board, or of any ship, aircraft, vehicle or person within range of assistance, it shall, for the purpose of indicating the urgency of the message, preface its call in the case of visual signalling, with a display of a succession of green pyro-technical lights or a succession of green flashes made with day light signalling apparatus, and, in the case of radio-telegraphy, with three repetitions of the group XXX, the letters of each group being clearly separated from the letters of the successive group.

(4) None of the urgency signals mentioned in sub-rules (2) and (3) may be transmitted from an aircraft except with the authority of the commander or person responsible for the aircraft.

107. *Safety Signals*.—When an aircraft or other radio-telegraph station has a message to send concerning the safety of navigation or containing important information relative to meteorological warning messages, it shall in the case of radio-telephony preface its call-sign with three repetitions of the word SECURITE pronounced "SAYCUREETAY" and, in the case of radio-telegraphy, transmit three repetitions of the group TTT (transmitted with the letters well separated) followed by the word DE and three repetitions of its call-sign.

108. *Aircraft in the vicinity of prohibited areas*.—To warn an aircraft that it is in the vicinity of a prohibited area and should change its course the following signals shall, if radio-electric communications is not possible with the aircraft, be used:—

- (a) By day: three projectiles discharged at intervals of 10 seconds, each showing, on bursting, orange smoke, the location of the burst indicating the direction the aircraft should follow.
- (b) By night: three projectiles discharged at intervals of 10 seconds, each showing, on bursting, orange lights or stars, the location of the burst indicating the direction the aircraft should follow.

109. *Aircraft required to land*.—To require an aircraft to land, the following signals shall be used:—

- (a) By day: three projectiles discharged at intervals of 10 seconds, each showing on bursting black smoke.
- (b) By night: three projectiles discharged at intervals of 10 seconds, each showing on bursting white lights or stars.

In addition, when necessary to distinguish among several the aircraft which is to land, a white light which shall be flashed intermittently shall be directed towards that aircraft.

110. *Fog and mist*.—(1) In the event of fog or mist rendering aerodromes invisible, their presence may be indicated by a balloon acting as an aerial buoy and/or other approved means.

(2) In fog, mist, falling snow or heavy rainstorm, whether by day or night, an aircraft on the water shall make the following sound signals, namely:—

- (a) If not anchored or moored, a sound at intervals of not more than two minutes, consisting of two blasts of about five seconds duration with an interval of about one second between them.
- (b) If at anchor or moored, the rapid ringing of an efficient bell or gong for about five seconds at intervals of not more than one minute.

SECTION III.—GENERAL RULES FOR AIR TRAFFIC.

111. *General.*—(1) Subject to the provisions of rule 120, flying machines shall always give way to gliders and to balloons, fixed or free, and to airships, and airships shall always give way to gliders and to balloons, whether fixed or free.

(2) An airship, when not under its own control, shall for the purpose of the provisions of this Section be classed as a free balloon.

(3) Every aircraft in a cloud, fog, mist, or other conditions of bad visibility shall proceed with caution, having careful regard to the existing circumstances.

Every aircraft when flying beneath clouds shall always do so, so far as it is safe and practicable, at such a distance below the clouds as will enable it readily to see and be seen.

(4) To facilitate compliance with the rules in this Section, the pilot of a flying machine shall, save in exceptional circumstances, be placed either in the plane of symmetry of the flying machine or on the left hand side of the plane of symmetry.

112. *Risk of collision.*—(1) Risk of collision can, when circumstances permit, be ascertained by carefully watching the compass bearing and angle of elevation of an approaching aircraft. If neither the bearing nor the angle of elevation appreciably change, such risk shall be deemed to exist.

(2) The term “risk of collision” shall include all risk of accident due to undue proximity of other aircraft. Every aircraft that is required by these rules to give way to another to avoid collision shall keep a safe distance, having regard to the circumstances of the case.

(3) While observing the rules regarding risk of collision contained in sub-rules (1) and (2), a mechanically-driven aircraft must always manœuvre according to the rules contained in the following sub-rules as soon as it is apparent that, if it pursued its course, it would pass at a distance of less than 200 yards from any part of another aircraft.

(4) When two mechanically-driven aircraft are meeting end on, or nearly end on, each shall alter its course to the right.

(5) When two mechanically-driven aircraft are on courses which cross, the aircraft which has the other on its own right side shall keep out of the way of the other.

(6) An aircraft overtaking another shall keep out of the way of the overtaken aircraft by altering its own course to the right and must not pass by diving.

Every aircraft coming up with another aircraft from any direction more than 110 degrees from ahead of the latter, *i.e.*, in such a position with reference to the aircraft which it is overtaking that at night it would be unable to see either of that aircraft's side lights, shall be deemed to be an overtaking aircraft, and no subsequent alteration of the bearing between the two aircraft shall make the overtaking aircraft a crossing aircraft within the meaning of these rules, or relieve it of the duty of keeping clear of the overtaken aircraft until it is finally past and clear.

As by day the overtaking aircraft cannot always know with certainty whether it is forward or abaft the direction mentioned above from the other aircraft, it should, if in doubt, assume that it is an overtaking aircraft and keep out of the way.

(7) Where by any of these rules one of the two aircraft is to keep out of the way, the other shall keep its course and speed. When, in consequence of thick weather or other causes, the aircraft having the right of way finds itself so close that collision cannot be avoided by the action of the giving-way aircraft alone, it shall take such action as will best serve to avert collision.

(8) Every aircraft which is directed by these rules to keep out of the way of another aircraft shall, if the circumstances of the case admit, avoid crossing ahead of the other and shall not pass by diving.

(9) No aircraft on land or water about to ascend shall attempt to take off until there is no risk of collision with alighting aircraft or with other aircraft on or in the vicinity of the landing area.

113. *Risk of collision on air traffic routes.*—In order to obviate the increased risk of collision which exists on air traffic routes, the following sub-rules shall, so far as it is safe and practicable, be observed when flying on or in the vicinity of such routes, namely:—

- (1) Every aircraft when flying by compass along the straight line (rhumb line) joining two points on an air traffic route in common use, shall keep such line at least 500 yards on its left.
- (2) Every aircraft following an air traffic route, which has been officially recognised, shall keep such route at least 300 yards on its left.
- (3) Every aircraft which, in the vicinity of a route frequented by aircraft, is following a line of landmarks such as a road, railway, river, canal or coastline, etc., shall keep such line of landmarks at least 300 yards on its left.
- (4) An aircraft shall not fly keeping any of the lines or routes above referred to on its right, except at a distance therefrom sufficient to avoid aircraft following such lines or routes in accordance with these rules.
- (5) When crossing one of these lines or routes above referred to, an aircraft shall cross it at right angles as rapidly as possible and as high as reasonably practicable.

- (6) In the case of flights in group formation the aircraft of the leader of the group shall be responsible for leading the flight in such a manner that every aircraft in the group can comply with the above sub-rules.

SECTION IV—BALLAST.

114. The dropping of ballast other than fine sand or water from aircraft in the air is prohibited.

SECTION V.—SPECIAL RULES FOR AIR TRAFFIC ON AND IN THE VICINITY OF AERODROMES OPEN TO PUBLIC USE.

115. *Circuits.*—If a flying machine or glider starting from, or about to land at, an aerodrome makes a circuit or partial circuit, the turning—

- (a) in the case of a land aerodrome, must be made clear of the landing area and must be left-handed (anti-clockwise) so that during the circuit the landing area shall always be on its left; and
- (b) in the case of a water aerodrome, must be left-handed (anti-clockwise).

116. *Minimum flying altitude.*—(1) Subject to the provisions of any special order by the Governor General in Council in writing in force with respect to any particular aerodrome, a flying machine or glider shall not fly over the landing area of an aerodrome at a lower height than 6,000 feet, in the case of a land aerodrome, or 2,000 feet in the case of a water aerodrome, except when departing therefrom or landing thereat.

(2) Every flying machine or glider flying outside the landing area of an aerodrome at a distance of less than 2 miles from the nearest point of that area shall, unless it is flying at a greater height than 6,000 feet, in the case of a land aerodrome, or 2,000 feet in the case of a water aerodrome, keep the landing area on its left.

117. *Acrobatic landings, etc.*—Acrobatic landings are prohibited at aerodromes. Except with the written permission of the authority in charge of the aerodrome which shall not be given unless there is no risk of interference with other aircraft and except in accordance with the conditions specified in such permission, flying machines and gliders are prohibited from engaging in acrobatics in the vicinity of aerodromes at a distance of less than 2 miles from the nearest point of the perimeter of the aerodrome unless they are flying at a greater height than 6,000 feet.

118. *Ground Signals (Day).*—(1) By day at every aerodrome the direction of the wind at the landing area shall be clearly indicated by a landing T, wind sleeve, smoke producing wind indicator or other recognised method.

(2) Where a landing T is used, it shall be placed so that the shaft of the T lies along the direction of the wind and the cross arm lies across the windward end of the shaft.

(3) If there is no wind, the landing T, if used, shall be fixed in the direction in which landings or departures are to be made.

(4) The fact that there is no wind and that the landing T is fixed as aforesaid may be indicated by a ball mounted on a mast on the signal area and clearly visible both to aircraft in flight and to those manœuvring on the landing area.

(5) If the bad state of the landing area at any land aerodrome requires precautions to be observed in landing, that fact may be indicated by a red square panel partly covered by yellow triangular panels so as to show a red isosceles triangle no side of which measures less than ten feet.

(6) If an aerodrome is temporarily closed to aircraft owing to special circumstances, that fact may be indicated by a red square panel with the diagonals thereof covered by yellow rectangular panels arranged in the form of an X.

(7) Where a red panel is used for the purpose of this rule—

(a) it shall be placed horizontally and as near as practicable to the landing T or wind sleeve; and

(b) each side of the panel shall measure at least ten feet.

119. *Direction of take-off or landing.*—Every flying machine or glider when taking off from or landing on an aerodrome shall do so upwind, except when the natural conditions of the aerodrome do not permit, or in the event of there being no wind. In the latter case, the flying machine or glider, when taking off or landing, shall do so in the direction indicated by an appropriate signal, or if there is a landing T, in the direction indicated by that T.

120. *Aircraft approaching to land.*—(1) Aircraft about to land on an aerodrome shall be given free way.

(2) In the case of two flying machines or two gliders approaching an aerodrome for the purpose of landing, the flying machine or glider, as the case may be, flying at the greater height shall be responsible for avoiding the flying machine or glider at the lower height, and shall as regards landing observe the provisions of sub-rules (6) and (7) of rule 112 for passing.

121. *Aircraft taking off.*—At night no aircraft shall move on to the landing area of an aerodrome having a ground control nor proceed to take off except in accordance with the signals specified in rule 104.

By day this rule may be applied at the discretion of the authority in charge of the aerodrome.

122. *Requirements at land aerodromes.*—(1) At every land aerodrome the following requirements shall be complied with, namely:—

(a) Along the perimeter and at the approaches to the hangars a neutral zone shall be set apart for aircraft manœuvring on the ground;

(b) The landing area shall be as large as possible.

- (c) Every flying machine or glider, when landing or taking off, shall do so in conformity with the provisions of rule 119, and shall leave clear on its left any flying machine or glider which has already landed or which is taking off or about to take off;
- (d) Every flying machine or glider moving on the ground in the landing area shall do so in the direction of landing:

Provided that on aerodromes approved by the Governor General in Council for the purpose, flying machines and gliders moving on the ground may be authorised to cross the landing area subject to regulations approved by the Governor General in Council.

(2) By way of exception to the general rule laid down in clause (c) of sub-rule (1) at land aerodromes, the landing area may be regarded as divided into two approximately equal zones, by a vertical plane bearing in the direction of landing described in rule 119. For an observer facing in the direction of landing, the zone on the right shall be reserved for landings, and the zone on the left for departures.

(3) The land aerodromes to which sub-rule (2) applies shall be indicated by a full white star of five points, placed flat on the ground in the centre of the landing area. The lines joining the points of the star shall form a regular pentagon of such a size that it may be inscribed in a circle the diameter of which is not less than 15 yards.

(4) At land aerodromes marked in accordance with sub-rule (3), a flying machine or glider when landing shall do so in conformity with rule 119, in the left part of the zone reserved for that purpose, but leaving clear on its left any other flying machine or glider which has already landed, and a flying machine or glider when taking off shall do so in conformity with rule 119, in the left part of the zone reserved for that purpose, but leaving clear on its left any other flying machines or gliders which are at rest on the ground.

123. *Requirements at water aerodromes.*—At every water aerodrome the following requirements shall be complied with—

- (1) A flying machine or glider which has landed shall give way to a flying machine or glider landing or about to take off;
- (2) Every flying machine or glider when landing or taking off shall do so in conformity with the provisions of rule 119, leaving clear on its left any flying machine or glider which has already landed and leaving as much space as possible on its right for another flying machine or glider to land or take off;
- (3) A flying machine or glider which has landed shall, before proceeding towards the normal arrival point, slow down to a speed at which it can easily be manoeuvred on the water:

Provided that if the aerodrome has a "control", a flying machine or glider which has landed at night shall come to rest and await the signal referred to in sub-rule (3) of rule 103 before proceeding towards the normal arrival point.

- (4) In proceeding towards the normal arrival point, a flying machine or glider shall turn to the left and approach that point without crossing the landing area.

124. *Land aerodromes by night.*—At every land aerodrome while night landings or departures thereat are expected, the following requirements shall be complied with:—

- (1) The aerodrome shall be defined as accurately as possible by red lights placed on the perimeter and on any obstacles on or in the vicinity of the aerodrome;
- (2) The direction of landing shall as far as possible be indicated by a luminous T, or failing this by three white lights forming an isosceles triangle, the base of which shall be about 200 yards long, and the height of which shall be at least twice as long as the base;
- (3) The white lights aforesaid shall be so placed that a flying machine will land in the direction leading from the middle of the base line to the apex of the triangle;
- (4) The base line shall indicate the place where a flying machine should come into contact with the ground, and the apex shall indicate the point before reaching which it should come to rest.
- (5) In addition the landing area may be illuminated by a flood-light;
- (6) In substitution for the lights specified in sub-rules (2), (3) and (4) the direction and position of landing may be indicated by flares or lights placed on the landing area in the form of an L, the long arm of the L being parallel to the wind direction and the short arm being at the wind-ward end of the long arm as indicated diagrammatically in Schedule IV. A flying machine or glider shall land between the long arm and the flare marking the extremity of the short arm.
- (7) Flying machines and gliders shall take off in the direction and position indicated in this rule for landings.

125. *Water aerodromes by night.*—At every water aerodrome while night landings or departures thereat are expected the following requirements shall be complied with, namely:—

- (1) The aerodrome shall be defined and lighted in the manner most appropriate to local conditions.
- (2) If possible the direction of the wind at the landing area shall be clearly indicated by one of the recognised methods.

126. *Fixed balloons, kites and moored airships.*—No fixed balloon, kite or moored airship shall be elevated in the vicinity of any aerodrome without the special authorisation of the proprietor of such aerodrome except in the cases provided for in rule 110.

127. *Obstacles on and in the vicinity of aerodromes.*—Suitable signals by day and red lights by night shall be placed on all obstacles on an aerodrome which are dangerous to flying by reason of their not being readily visible, and, so far as possible, on all such obstacles within 1,000 yards of an aerodrome.

128. *Exemptions.*—The Governor General in Council may by a special order in writing in this behalf temporarily suspend the application of all or any of the rules contained in this Section with reference

to any aerodrome in British India which is open to public use. Where any such order is for the time being in force with respect to any aerodrome, there shall be placed horizontally in that aerodrome, near to the signal which indicates the direction of the wind, a red square panel, each side of which shall measure at least ten feet in length and the sides of which shall be marked at night by red lights.

SECTION V.—GENERAL.

129. *Regulations for Preventing Collisions at Sea.*—Every aircraft manœuvring under its own power on the water shall conform to the Regulations for Preventing Collisions at Sea, and for the purpose of these regulations shall be deemed to be a steam-vessel, but shall only carry the lights specified in this Part, and not those specified for steam-vessels in the Regulations for Preventing Collisions at Sea, and shall not use, except as specified in sub-rule (1) of rule 106 and rule 110, or be deemed to hear the sound signals specified in the abovementioned Regulations.

130. *Neglect in the use of lights or signals, etc.*—Nothing in the rules of this Part shall exonerate any aircraft, or the owner, pilot or crew thereof, from the consequences of any neglect in the use of lights or signals, or of any neglect to keep a proper lookout, or of the neglect of any precaution which may be required by the ordinary practice of the air, or by the special circumstances of the case.

131. *Misuse of Signals and lights.*—(1) No signal or light prescribed in this Part shall be used or displayed for any other purpose than that ascribed to it in this Part and no signal or light shall be used or displayed at or in the vicinity of any aerodrome which might be mistaken for a signal or light prescribed in this Part.

(2) No person shall knowingly make, without lawful authority any naval, military or airforce signal.

132. *Observance of the rules in Sections III and V.*—In conforming with the rules laid down in Section III, Section V and rule 129,—

(1) due regard shall be had to all dangers of navigation and collision and to any special circumstances which may render a departure from those rules necessary in order to avoid immediate danger; and

(2) in particular it shall be borne in mind that steam vessels in narrow channels are not able to manœuvre so as to avoid collision with aircraft.

133. *Special orders relative to navigation of aircraft in the immediate vicinity of an aerodrome.*—Nothing in the rules of this Part shall interfere with the operation of any special rule or rules approved by the Governor General in Council and published relative to navigation of aircraft in the immediate vicinity of any aerodrome or other place, and it shall be obligatory on all owners, pilots, or crews of aircraft to obey such rules.

PART XIII.—GENERAL.

134. *Inspection.*—Any person authorised by the Governor General in Council by special or general order in writing in this behalf may—

- (a) at all reasonable times enter any place to which access is necessary for the purpose of exercising his powers or carrying out his duties under these rules;
- (b) at all times during working hours enter that portion of any factory or place in which aircraft or parts of aircraft or aero engines or parts of aero engines are being manufactured, overhauled, repaired or assembled and inspect any such factory or place, aircraft, aero engines or parts and any drawings relating to such aircraft, aero engines or parts;
- (c) at any time inspect any flying machine which is required by these rules to be certified as airworthy or in respect of which a certificate of airworthiness is in force.
- (d) enter, inspect and search any aircraft for the purpose of securing compliance with any of these rules.

135. *Forgery, etc., of documents.*—No person shall fraudulently lend any such licence or certificate issued under these Rules or allow it to be used by any other person.

136. *Foreign Military Aircraft.*—No person shall fly or land, or assist in flying or landing, any foreign military aircraft over or in British India except on or with the invitation or permission in writing of the Governor General in Council, and on such conditions as may be specified in the invitation or permission.

137. *Obstruction of authorised persons.*—No person shall voluntarily obstruct any person acting in the exercise of his powers or in the discharge of his duties under these Rules.

138. *General power to exempt.*—The Governor General in Council may by general or special order in writing exempt any aircraft or class of aircraft or any person or class of persons from the operation of these rules, either wholly or partially, subject to such conditions, if any, as may be specified in such order.

139. *Penalties.*—(1) Any person contravening any of these rules shall, where no punishment is provided for such contravention in the Indian Aircraft Act, 1934 (XXII of 1934), be punishable to the extent laid down in Schedule VI to these rules.

(2) It shall be a defence to any proceedings for contravention, of, or failure to comply with, these rules if the contravention or failure is proved to have been due to accident, stress of weather or other unavoidable cause; and it shall be a defence to any proceedings under these rules against the owner, hirer, operator, pilot or commander of an aircraft that the alleged contravention took place without his actual fault or privity.

SCHEDULE II.

(See rule 41.)

Proofs of Competency, Tests and Examinations for the Issue and Renewal of Licences to Aircraft Personnel.

Personnel.

The qualifications of which proofs are required from applicants for licences or renewal of licences are as set out below :—

SECTION A.—PRIVATE PILOT'S LICENCE ("A" LICENCE) (FLYING MACHINES).

1. *Flying Experience.*—An applicant for the grant of a licence or the renewal of a licence shall be required to produce evidence or having

carried out, during the six months immediately preceding the date of the application, not less than five hours solo flying.

2. *Flying Tests*.—(1) An applicant for the grant of a licence shall be required to carry out the following tests to the satisfaction of the examiners:—

- (a) Tests for altitude and gliding flight: Two flights each finishing with a glide, the engines being completely throttled down at not less than 2,000 feet above the landing area. The landings shall be made without reopening the throttle and within 150 yards of a point fixed beforehand by the official examiners of the test.
- (b) Test of skill: A flight around two posts (or buoys) situated 500 yards apart making a series of five figure-of-eight turns, each turn reaching one of the two posts (or buoys). This flight shall be made at an altitude of not more than 600 feet above the ground (or water) without touching the ground (or water). The landing shall be effected by:—
 - (i) finally closing the throttle of the engine at latest when the aircraft touches the ground (or water);
 - (ii) finally stopping the flying machine without the use of brakes within a distance of 50 yards from a point fixed by the candidate before starting.
- (c) Spinning test: A left hand and right hand spin. During this test the examiner shall be on board. The test shall be undertaken at such a height that normal flight is resumed after the spin at a height of not less than 2,000 feet above the ground.

(2) An applicant for the renewal of a licence who has not had the recent flying experience laid down in paragraph 1 of this Section shall carry out the following tests to the satisfaction of the examiner:—

- (a) Test of skill: Three figure of eight turns in accordance with sub-paragraph (1) of this paragraph.
- (b) Landing test: Three landings, finally stopping the aircraft on each occasion without the use of brakes within a distance of 50 yards from a point fixed by the applicant before starting.

(3) An applicant for the addition to his licence of a different type of aircraft may be required to carry out any of the foregoing tests and shall normally be required to carry out the landing test detailed in sub-paragraph (2) (b).

3. *Technical Examination*.—An applicant for the grant of a licence shall be required to pass, to the satisfaction of the examiners, an examination in the following subjects:—

- (a) Rules as to Lights and Signals; General Rules for Air Traffic; Special Rules for Air Traffic on and in the vicinity of aerodromes open to Public use.
- (b) International Air Legislation, with particular reference to the obligations of a pilot in international flights.
- (c) General knowledge of, in so far as they affect the responsibilities of a pilot the rules made under the Indian Aircraft Act, 1934 (Act XXII of 1934) and Notices to Airmen.

4. *Medical Examination.*—(1) The medical examination shall be carried out by a medical practitioner who possesses qualifications entitling him to inclusion in the Medical Register of Great Britain, and who may be the applicant's usual medical attendant. Such examination shall be conducted in accordance with such form as may be prescribed by the Governor General in Council and a copy of that form, completed as required, shall be forwarded by the medical officer to the Director of Civil Aviation, Simla/Delhi, by whom copies of the form will be supplied on demand.

(2) The medical examination shall be based upon the following requirements of mental and physical fitness:—

(a) Good family and personal history, with particular reference to nervous stability, as to which information shall be given in a statement made and signed by the applicant and satisfactory to the medical examiner.

(b) *General surgical examination.*—The applicant must neither suffer from any wound or injury nor have undergone any operation, nor possess any abnormality, congenital or acquired, which might interfere with the safe handling of a private flying machine under ordinary conditions. Palpation of the abdomen and abdominal viscera, particularly the pyloric, vesicular duodenal and appendicular regions, whenever it reveals any swelling or distinct pain, must be completed by a radiosopic and radiographic examination.

Any anatomical lesion in the walls of any part whatever of the digestive tube, any stricture of its calibre, any calculus or foreign body, any peritoneal lesion, established by clinical or laboratory examinations, will entail rejection. Exception may be made for spasmodic strictures not accompanied by other troubles and for ptoses compensated by a good abdominal musculature.

An applicant who has undergone a surgical intervention in the biliary passages or the digestive tube, except appendicitis, involving a total or partial excision or a diversion of any of these organs, shall be declared unfit unless a period of two years has elapsed since the surgical intervention and the effects of the operation are not deemed liable to cause sudden incapacity in the air, or an attestation made by a surgeon, having knowledge of the nature of the disease which necessitated the operation, certifies that no immediate or future consequences are to be feared.

Diseases of the liver (including those of the biliary passages) and of the pancreas will in cases where it is deemed necessary be verified by laboratory examination, particularly by radiography as well as by an examination of the blood and of the urine, and shall entail rejection only if they afford indication of the existence of a calculus, tumour or lesion involving a persistent impairment of function of these organs.

(c) *General Medical Examination.*—The applicant must not suffer from any disease or disability which renders him liable suddenly to become incompetent in the management of aircraft. He must possess heart, lungs and nervous system in a state to withstand the effects of altitude. He must be free from kidney disease, and must not present any clinical sign of syphilis, nor have any cardiac lesion.

- (d) *Eye Examination*.—The applicant must possess, with correction by glasses if necessary, a visual acuity equal to at least 80 per cent. of the normal visual acuity for each eye taken separately, or 90 per cent. for one eye and 70 per cent. for the other, the visual acuity being measured by means of standard test types powerfully illuminated in such manner that the light does not shine directly into the eyes of the examinee. Binocular vision, ocular poise, the field of vision of each eye and colour perception must be normal. With regard to colour perception, a candidate suffering from daltonism may however be accepted on condition that his licence is made valid only for flight by day, that is to say, between sunrise and sunset.
- (e) *Ear Examination*.—The middle ear must be healthy. The applicant must possess an auditory acuity not less than that corresponding with the perception of the whispered voice at one metre. The vestibular mechanism must be intact and not hyper-sensitive. It must be equal on both sides.
- (f) *Nose, Throat and Mouth Examination*.—The applicant must possess free tubular air entry on both sides.

Motility, sensibility, tendinous, cutaneous and pupillary reflexes, co-ordination of movements and cerebellar functions, must be normal. An exception may be made for local peripheral trouble due to accidental section of a nerve branch.

Fractures of the cranium involving the internal table of the cranial box, even without apparent impairment, will entail temporary unfitness during a period of two years from the date of the fracture. Any presumed nervous syphilis will entail rejection, unless the non-existence of such an impairment is proved by an examination of the blood and an examination of the cerebrospinal fluid, made with the consent of the applicant.

- (c) *General surgical examination.*—The requirements of this examination shall be the same as those laid down in clause (b) of sub-paragraph (2) of paragraph 4 of Section A for an applicant for a Pilot's "A" licence, with the addition that the applicant must neither suffer from any wound or injury, nor have undergone any operation, nor possess any abnormality, congenital or acquired, which might interfere with the safe handling of a flying machine at any altitude even in the case of prolonged or difficult flight.

In addition, each examination shall include a radioscopic record in doubtful clinical cases. When the examination of the spleen and of the ganglionic tracts reveals hypertrophy of these organs, the candidate shall be declared unfit unless a hematological examination has shown that it is not a case of an original impairment of the hemopoietic organs. Hemoglobinary, hemophily and purpuras shall also entail rejection, unless hematological examination shows that it is a case of only transitory impairment. The applicant must not present any signs of organic disease of the kidneys; these latter must be insensitive to palpation and of normal size. Renal ptosis will entail rejection; this rule, however, will not apply as regards the maintenance of efficiency if no functional trouble is involved. The urine must not contain any pathological element. Affections of the urinary passages and of the genital organs, even leucorrhoea, may entail temporary or definite unfitness, an exception being allowed as regards the maintenance of efficiency in the case of tuberculous orchio-epididymitis in its mild and localised form.

Applicants of the female sex must present a normal uterus and appendages. Cases in which surgical intervention has taken place will be considered individually. Any presumed pregnancy will entail rejection. Following confinement or miscarriage, the holder of a licence will be allowed to resume her air duties only after having undergone a fresh medical examination.

The applicant must not present any clinical signs of syphilis. Dysentery shall be considered as an acute disease; provided that a presumption of dysenteric infection shall entail rejection, unless the medical examiner considers that the clinical phenomena have disappeared.

(e) *Eye Examination.*—The applicant must possess a degree of visual acuity compatible with the efficient performance of his duties. Binocular vision, ocular poise, the field of vision of each eye and colour perception must be normal.

He must possess, without correction by glasses, visual acuity equal to at least 80 per cent. of the normal visual acuity for each eye taken separately, or 90 per cent. for one eye and 70 per cent. for the other, the visual acuity being measured by means of standard test types powerfully illuminated in such a manner that the light does not shine directly into the eyes of the examinee.

(f) *Ear Examination.*—The middle ear must be healthy. The applicant must possess an auditory acuity not less than corresponding with the normal perception of 64 vibrations per second, 256 vibrations per second and 4,096 vibrations per second, the forks being held perpendicularly to the ground one centimetre from the auditory tube. DETAILED CONDITIONS APPLICABLE TO THE ISSUE, VALIDITY AND RENEWAL
OF CERTIFICATES OF AIRWORTHINESS, AND GROUND ENGINEERS'
LICENCES.

SECTION A.

Classification of Flying Machines.

1. Every flying machine for which a certificate of airworthiness is granted will be classified on such certificate as belonging to one of the following categories and one or more of the following sub-divisions:—

(1) *Normal Category*—

Sub-division (a).—Passenger machines.

Sub-division (b).—Mail machines.

Sub-division (c).—Goods machines.

Sub-division (d).—Aerial work machines.

Sub-division (e).—Private machines.

(2) *Special Category*—

Sub-division (f).—Racing or record machines.

“Racing or record machines” are machines which are specially intended or arranged for the purpose of sporting or technical performances, to the exclusion of all other uses.

Sub-division (g).—Research or experimental machines.

“Research or experimental machines” are machines which are specially intended or arranged for the purpose of experimenting in flight with new apparatus, to the exclusion of all other uses.

(3) *Acrobatic Category*—

Sub-divisions (a) to (g) in the two preceding categories.

Notes.—(i) An aerial work machine may be limited by the certificate of airworthiness to specific purposes for which it is designed or equipped.

(ii) Machines in the Normal Category must not be flown at indicated air speeds greatly in excess of the indicated air speed corresponding to steady horizontal flight at the international number of revolutions per minute as specified in the certificate of airworthiness, at the rated altitude of the engine(s) and must in no circumstances be flown at speeds greater than 50 per cent. in excess of this speed. They are limited to normal flight.

(iii) The conditions of flight for machines in the Special Category will be determined for each individual machine on its merits. Flights of such machines may, as a precautionary measure, be limited to certain areas and to certain periods.

(iv) Machines in the Acrobatic Category are not restricted as to the indicated air speed at which they may be flown and are not limited to normal flight.

THE TANKS PRESERVATION AND CONSTRUCTION BILL, 1936.

WHEREAS it is expedient to provide for the maintenance and construction of tanks for irrigation and other purposes in Bengal,

AND WHEREAS the previous sanction of the Governor General has been obtained under sub-section (3) of section 80A of the Government of India Act to the passing of this Act ;

5 & 6 Geo. v. c. 61,
6 & 7 Geo. v. c. 37; 9

1. This Act may be called the Tanks Preservation and Construction Act, 1936.

2. (1) It shall come into force on such day as the Local Government may notify for the purpose.

(2) It shall extend to the whole of Bengal.

3. In this Act the following words have the following meanings :—

(a) "Tanks" includes all reservoirs of water whether excavated or constructed by putting up one or more embankments on land for the purpose of conserving water.

(b) "Collector" means the Collector of a district.

(c) A "union board" means a union board established under the Village Self-Government Act, 1919.

Ben. Act
V of 1919.

4. If the Collector, after such enquiry as he considers necessary, is of opinion that any existing tank in his district requires improvement, or it is necessary to construct any new tank, he may make an order in writing, recording his reasons, that the improvement shall be effected, or a new tank shall be constructed in any village, and may ask the union board, within whose area the existing tank lies, or the new tank is to be constructed, to carry out the improvement or construct the tank.

5. As soon as a union board receives an order made by the Collector under section 4, it shall have an estimate prepared of the cost of the work, and submit it to the Collector with an application for a loan of the amount required for execution of the work or such portion of such amount as the union board considers necessary.

(Clauses 8—12.)

8. A union board, to whom an order under section 4 is issued by the Collector, shall, as soon as the work mentioned in the order is executed, proceed to apportion the cost among the persons who are benefited by it, and shall realise from each his share in one or more instalments as if it were an arrear of union rate.

9. If a union board to whom an order has been issued by the Collector under section 4, fails to execute the work within the time fixed by him, it shall be liable to be superseded, and the District Magistrate may appoint such person as he considers suitable for executing the work and for carrying on the ordinary duties of the board, and may grant him such remuneration, as he considers proper and order the cost to be recovered from the rate-payers of the union by assessment under section 37 (b) of the Village Self-Government Act.

10. Nothing done by a Collector or a union board under the provisions of this Act shall be called in question in the civil court.

11. In the Bengal Village Self-Government Act, 1919, after sub-section (3) of section 26, the following sub-section shall be inserted, namely :—

(3a) if required to do so by the Collector undertake any work under the Tanks Preservation and Construction Act, 1936.

12. The Local Government may frame rules to carry out the purposes of this Act.

STATEMENT OF OBJECTS AND REASONS.

The Bill aims at the improvement of the *bundhs* and tanks, which are the principal sources of irrigation in west Bengal, and have mostly gone out of use. It proposes to improve them through the agency of union boards, the cost being in the first instance advanced by the Collector, and subsequently recovered from the persons benefited as a union rate by instalments spread over a number of years. In April, 1935, at a conference of union boards in Bankura district which was presided over by the District Magistrate, a resolution was passed asking for legislation on the lines indicated in the Bill. It will be necessary to amend the Village Self-Government Act in the manner indicated in this Bill to give the union boards power to carry out the works. The other clauses of the Bill are self explanatory and need no explanation.

Repeal.

16. The Indian Weights and Measures of Capacity Act, 1871, is hereby repealed in its application to Bengal.

STATEMENT OF OBJECTS AND REASONS.

This Bill is intended to do away with the corruption, disadvantage or deception that is being practised by many shop-keepers, especially by many grocers, in almost all parts of this Province. These grocers in their dealings with people generally use two sets of weights. The standard of one set is called the pucca seer and the standard of the other set is called the katcha seer. Both these seers are derived from the uniform unit "tola." But it is curious to note that the seer of one set is different from the seer of the other set in magnitude though almost similar in form. The pucca seer consists of 80 tolas and the katcha seer consists of 60 tolas. Grocers use pucca weights at the time of purchase, but they generally use katcha weights, i.e., weights of less magnitude, at the time of sale. The unnecessary use of two sets of weights in one is highly anomalous and helps corruption in dealings. The vast majority of people of this unfortunate country is illiterate and it is an obvious fact that when simple and illiterate customers come to dishonest grocers to purchase rice, pulse, etc., they are often cheated by them in respect of weight of these things. The grocers often sell things in katcha weights but the customers are given to understand, that things have been sold to them in pucca weights. The customers are more frequently cheated at the time when they purchase many things in small quantities. The two sets of weights are almost similar in shape and size and are undistinguishable to ordinary simple folk. Besides this, these customers, illiterate as they are, cannot even read the inscription printed on these weights. It is more curious to note that in certain districts there are some other kinds of seers besides the said pucca and katcha seers, such as 82 tola seer, 84 and odd tola seer, 90 tola seer, 120 tola seer and so on. If at any time a clever customer detects the wrong weighing of a shop-keeper, he acquits himself of the charge by saying that it was his mistake. In these days when corruption has become so prevalent there is absolutely no reason why the dealers unnecessarily keep two sets of weights of undistinguishable form and magnitude for weighing and selling commodities at one place and at one time. Similar deception is being practised in respect of measures of capacity too. It is now universally felt that for honest dealings, a uniform system of weights and measures of capacity should be adopted everywhere and that all such weights should be derived from the standard seer consisting of 80 tolas which is popularly known as the pucca seer throughout the country and which have been already adopted in Government offices and Railway departments throughout India.

It will not be out of place to note here that in Central Provinces also these difficulties were felt by people which led to the passing of C. P. Act No. II of 1928. No doubt there is an All-India Act which is an attempt to introduce standards of weights and measures of capacity throughout India, but that Central Act does not and cannot solve the peculiar difficulties of different Provinces. Hence the introduction of the present Bill is considered necessary.

*NOTE.—Explanation of these technical terms in clause 7 may be found in the Appendix.

STATEMENT OF OBJECTS AND REASONS.

The rights of cultivators as against their landlords have been safeguarded by the Bengal Tenancy Act, but there is no law safeguarding the rights and interests of fishermen who form a considerable part of the rural population of this Presidency. In consequence of this, the fishermen are subjected to various exactions at the hands of their immediate landlords, but more particularly from those of the middlemen. It is the general practice in all large fisheries that the proprietor in making settlement with fishermen stipulates that the catches should be sold to his nominee only and to no one else. This nominee also pays a heavy rent or present for his privilege. There are also innumerable exactions in various parts of this country under different names. This system has reduced the fishermen to extreme poverty and their condition in every district is most pitiable. This short Bill is introduced in order to ameliorate the condition of this worthy class of workers.

"The body of fishermen have legitimate rights, which must be recognised by the State. The rights of labour cannot and ought not to be ignored. Both on account of their numbers, of the households dependent upon them, and on account of the other industries involved in, and bound up with, the fisheries, the fishermen have a recognised claim to consideration. The Permanent Settlement has not stood in the way of measures being taken to regulate the relation between landlord and tenant, and various enactments have been passed in the interest of both. The mere fact that fishery rights in some waters have been given to private parties should not be an obstacle to the passing of such laws and regulations as are calculated to conserve the fisheries and increase the fish supply of the country." (Sir K. G. Gupta in the Report on Fishery Matters, 1908, pp. 102, 104, Sec. XII.)

"The supply of fish in this province is much shorter than the demand and that this supply is steadily diminishing while the price of fish is increasing. Fish is admitted to be a most important article of diet among the inhabitants of this province, and may be considered to be a necessity and not a luxury." (Report on Fisheries of Eastern Bengal and Assam by Mr. K. C. De, 1910, p. 73).

"One factor which operates towards the wholesale massacre of all the edible inhabitant of the fisheries is the short term for which they are leased out. The term is too often only a year, which means one fishing season. The lessee, bent on making the most profit within the period of the lease, does not hesitate to capture and kill every fish mature or immature. He admits that many of them would have grown if spared for a year and fetched a many times higher price, but he argues that the benefit of the higher price would have been reaped by the next year's lessee who may not be himself." (*Ibid*, p. 72.)

"Owing to fishermen not owning much land and to the precarious nature of their calling they have small security to offer, and consequently they have to pay very high rates of interests on the Padma and the Jamuna; the rate is often 75 per cent. for one season and sometimes more. The poorer fishermen have often to borrow money for their maintenance in the slack season and also for marriages. For these loans, they have often to pay as much as 150 per cent. per annum. The middlemen are not often in debt, but the actual fish catchers are almost invariably indebted either to the middlemen or to the Mahajans." (*Ibid*, p. 40.)

"Mr. K. C. De concluding his report makes some pertinent remarks on improving the conditions of fishermen. He says their work is arduous and sometimes dangerous and their profits are largely swallowed up by the middlemen and proprietors of fisheries. It appears to him that the only way to secure that they should reap the full benefit of their labour is to teach them co-operation." (*Ibid*, p. 77.)

"As an illustration of the exactions which are otherwise levied from fishermen it may be mentioned that on an enquiry made a few years ago into some of the river fisheries in Bengal it was found that in a particular fishery, out of the total catches value at Rs. 80,000, Rs. 1,000 went to the landlord, Rs. 25,000 to the actual fishermen and the remainder to the middlemen. This is a fair index of what is happening in other fisheries. The middlemen, who fatten at the expense of the fishermen, take good care that the latter have no resources left to improve their position and make themselves financially independent." [Annual Report on the Working of Co-operative Societies in the Presidency of Bengal (for the year 1925-26), page 18 (d), Fishermen's Societies, paragraph 87.]

"But the fishermen are proverbially backward.....and an improvement in these respects can only be brought about by continued co-operative education." [Annual Report on the Working of Co-operative Societies in the Presidency of Bengal (for the year 1926-27), page 17 (d), Fishermen's Societies, paragraph 69.]

With a view to encourage co-operation and through it saving the fishermen from the hands of middlemen and proprietors, this Bill is introduced.

SARAT CHANDRA BAL,

Member-in-charge.

APPENDIX.

Explanation of the technical terms used in clause 7 of the Bengal Fisheries Bill, 1936.

(a) "Bhúshán" means fishermen who are allowed by the landlords to catch fish in the rivers on payment of a sum of money which is three or four times of the ordinary annual rent fixed by the landlord's *nayeb* or *gomasta* (agent) in addition to "Begár" (service without remuneration).

(b) "Begár" means service without remuneration, that landlords and their officers allow the fishermen to catch fish in the fisheries owned by them on condition of the fishermen giving to zemindars and their officers as much fish as they desire to take and carrying them, wherever they like to go, in boat without any remuneration.

(c) "Vesteli", "Paraghata" or "Gola" means that the fishermen are forced and compelled to sell their catches to the "Vestas" or *farias* (middlemen) appointed by the zemindars or their officers at their whimsically dictated rate, otherwise the fishermen are not allowed to catch fish in the *Jalkars*.

(d) "Sarkári" means fishing for the Sarkar or landlord one day in a week in addition to payment of rent. According to this system the fishermen are divided into six batches called "Jhopa" and each of them is allowed to fish one day in a week one after another which is called "Gata Pala". On the seventh day all the batches are required to catch fish and deliver them to the landlords without getting any thing in return.

(e) "Palátaká", "Vaíska" —If any of the batch referred to in (d) are found absent on the "Sarkari" day the other batches have to compensate to the landlord in cash equal to the price of the fish that have been caught by the absent batch. This imposition is called "Palataka". Moreover, if any one boat amongst the batches called "Jhopa" be absent on their respective "Gata Pala" days, the officers of the zemindars thus taking advantage of their absence compel other fishermen to fish in place of the absentee's boats and takes all the catches by calling it "Palátaká" which is otherwise known as "Vaíska" in a little changed way. "Vaíska" is a kind of oppression by which the zemindars arrange to fish for them with fishermen other than the fisherman of respective allotted group known as "Jhope" being absent on their respective allotted days.

(f) "Rákh" means prohibition to catch fish for six months though the fishermen pay rents to the landlord for the whole year.

(g) "Bhág" or "Adi" means the landlord's share of fish (it may be half or more than half) realised from fishermen who are allowed to catch fish in the river during the "Rakh" referred to in (f).

(h) "Minkut" means realisation of annas two or more per rupee by the landlord from the fishermen on the price of fish caught during the "Rakh" referred to in (f).

(i) "Háshil" means the fishermen are compelled to sell their catches to the "Ízárádár" (middlemen) at their whimsically dictated rate and the "Ízárádárs" (middlemen) take one anna and six pice or more per rupee as "Hashil" from the price which the robbed-of-fishermen get from them at the lowest possible rate of the then market in the fishery. This oppression by the middlemen is known as "Háshil".

(j) "Chállisha" means that the fishermen are not allowed to sell their catches to any one they wish. They are to sell them to the "Ízárádár" of the fishery. The "Ízárádár" when buying fish asks the "Hakder" or headman of the fishermen to give "Chállishá" which means to give three or four fish for one standard sized fish weighing twice or thrice of the weight to the standard sized fish. But in the matter of price of such making, forty fish it is not more than Rs. 10 while the fish sold may be sold at Rs. 50 or more in the very same fishery if the fishermen are allowed to sell their catches freely. Not only this but half of the price of "Chállishá" is taken by the "Ízárádárs." Thus by "Chállishá" the fishermen are paid Rs. 5 in place of Rs. 50 or more by the "Ízárádárs." This oppression is known as "Chállisha."

(k) "Jugán" means the compulsory supply of fish without price to the landlord on his order during any ceremony occasion at his house.

(l) "Hazirar fish" means to supply fish daily to the zemindars without price and to sell fish at a very considerable reduced price to the person who would take the "Hazirar fish" to the landlord's house.

(m) "Tola" means taking of selected fish without price by the officers of landlord as *khoraki* (for consumption but really for selling).

(n) "Sádábhátá" means a kind of realisation according to which all the boats of fishermen are compelled to net together once every day for the benefit of the landlord.

(o) "Iswarbritti" means a compulsory contribution towards the expenses of worship of gods or goddesses at the zemindar's house.

(p) "Párbani" means compulsory contribution for the maintenance of zemindar's officers.

(q) "Tahari" means compulsory contribution along with payment of rent as cost of collection, boat hire, maintenance of *payadas*, etc.

(r) "Khutágári" means illegal and forcible extortion of money from the fishermen who berth their boats or ply them near the haunts of fish by the side of the *chars* in the Padma river by the officers of the landlords of those *chars*.

RESOLUTION—No. 137L.S.-G.

Minister-in-charge: The Hon'ble Sir Bijoy Prasad Singh Roy, Kt.

READ—

The reports of the Commissioners of Divisions on the working of district and local boards in Bengal during the year 1934-35.

1. **District boards.**—During the year under review 3 of the 26 district boards

in Bengal, namely, Burdwan, Bankura and Chittagong, were reconstituted. The affairs of the district boards of Bankura and Midnapore were still in a condition requiring the direction of the District Magistrates of their respective districts who were accordingly reappointed as Chairmen of these two boards. The Deputy Commissioner presided over the district board of Darjeeling as heretofore. The remaining 23 district boards elected their own non-official Chairmen. Of the total membership of 696 which represented the normal strength, 448 were elected and the remaining members were appointed by Government. The latter included 101 officials who held their seats by virtue of their office.

The number of meetings held by the boards was 389 against 365 in the preceding year. Five of these proved abortive for want of a quorum and 16 were adjourned. With the exception of

Mymensingh and Darjeeling, all the district boards held their meetings at least once a month. Attendance was highest (87 per cent.) in Hooghly and Pabna. In 18 boards the average number of members who attended the meetings was above 75 per cent. of the total number of members. The percentage of attendance was comparatively low in all the district boards of the Chittagong Division, the lowest (63 per cent.) being in Litterpara.

2. Local boards.—The total number of members of the 84 local boards in the Presidency fell from 1,383 to 1,381 owing to casual vacancies. Of these 863 were elected, 433 were appointed non-officials and 85 were appointed ex-officio. The Asansol local board was presided over by a nominated official Chairman. Barasat and Tangail had nominated non-official Chairmen. The three local boards in Darjeeling, consisting entirely of nominated members, elected official Chairmen. All the remaining boards elected non-official Chairmen.

Six hundred and seventy-nine meetings were held by the local boards, of which five failed for want of a quorum and 10 meetings were adjourned. The average percentage of attendance was highest (94·4) at Cox's Bazar and lowest (10·0) at Contai.

There was a growing realisation that with the growth and expansion of a network of union boards throughout the province, the local boards, which had little resources of their own and consequently little responsibility, had outlived their usefulness in the scheme of local self-government. The question of abolition of local boards, with which the question of franchise for the district boards was interlinked, had been under the consideration of Government for some years past. A considered decision was reached after the close of the year under report and a Bill providing, *inter alia*, for abolition of local boards with the consent of the district board concerned and of the Local Government was passed by the Legislative Council in November 1936.

3. Union committees.—There were in all 12 union committees, viz., 7 in Midnapore and 5 in the 24-Parganas. Only three of them, viz., Contai, Danton and Hazipore, imposed local rates. The

union committee of Contai and three others in the 24-Parganas received small grants from the district board. The union committee at Diamond Harbour had no income and spent nothing.

4. Financial features.—The total receipts during the year under review were Rs. 159·2 lakhs representing an increase of Rs. 7·4 lakhs. These results are even more satisfactory than would appear at first sight, as the total receipts from Government grants fell by Rs. 9,34,004 to Rs. 43,19,761. This fall in subventions from Government is explained by lesser grants for education—school boards having taken over charge of primary education in several districts according to the partial scheme—and markedly lesser grants from the Road Development Fund.

The most marked increase occurred under local rates, which rose by Rs. 14·2 lakhs to Rs. 96·5 as a result of better collection of arrear and current road and public works cesses. There was a large decline in income under education for the reasons already mentioned.

The total expenditure chargeable to current income fell from Rs. 146·09 lakhs to Rs. 144·67 lakhs, the decrease being entirely accounted for by the establishment of school boards in several districts and the corresponding release of funds. The credit balance at the close of the year was Rs. 54·65 lakhs as against Rs. 41·64 lakhs in the preceding year.

5. Education.—The gross income under this head was Rs. 14·78 lakhs against Rs. 21·59 lakhs in 1933-34. The total expenditure amounted to Rs. 32·0 lakhs against Rs. 37·22 lakhs in the previous year. The loss of income and the fall in disbursement are explained by the transfer of Government grants, in respect of the several district boards which had elected to come under the optional scheme, to the district school boards constituted under the provisions of the Primary Education Act. The constitution of these boards was the outstanding educational event of the year.

The number of primary schools maintained and aided by district boards was 42,740 with 1,542,694 pupils, of whom 352,165 were girls. These figures show a decrease in the number of institutions and students as a result of the transfer of charge of primary education in certain districts.

The aggregate expenditure of district boards on primary education, viz., Rs. 22,57,857 represented Rs. 1·8 per pupil or about 10 pies per head of the total population. This included Rs. 8,34,424 or 3·4 pies per head of the total population spent by the board out of their own funds under this head. There was no curtailment of activities in the matter of imparting free education in model primary schools working under Mr. Biss's scheme and also under Mr. Griffith's scheme. The total number of middle schools maintained and aided by the district boards was 42 and 1,020, with 3,634 and 83,954 students, respectively. A gradual decrease in the number of middle schools is a noticeable feature of the year under review. Nine high English schools, the majority of which were for girls, received financial assistance from the boards.

The various boards continued, as usual, to maintain or aid, by stipends or otherwise, the existing technical and industrial schools, including several weaving schools. They were also not unmindful of mukhtabs and tols. The admirable example set by the district boards in the Rajshahi Division in co-operating with one another and with other interests in improving the hospital attached to the Jalpaiguri Medical School, is commented upon elsewhere in the present review. The Bankura district board continued to render substantial aid to the local medical school.

6. Public health and medical relief.

—The total expenditure under this head, which included vaccination and sanitation as its sub-heads, was Rs. 36·45, as against Rs. 35·74 lakhs in the preceding year. The aggregate income also rose from Rs. 15·73 lakhs to Rs. 16·56 lakhs, of which subventions from the provincial revenues accounted for Rs. 14·36 lakhs.

The number of dispensaries maintained by the district boards increased from 634 to 642. The number of aided dispensaries also rose from 395 to 431. The latter included a number of homeopathic and a few ayurvedic dispensaries. The State aid given to village and thana dispensaries helped to augment the number of such institutions and the objective of at least one dispensary for each thana was kept in view. In view of the inadequacy of the provision for institutional relief in rural areas, the movement for the establishment of a

small dispensary for each union board or group of union boards elicited popular appreciation. This movement has since received a great impetus by a share of the central grant for rural uplift being utilised to meet the non-recurring expenditure towards the establishment of simple dispensaries of an approved type on the condition that the recurring expenditure would be guaranteed from local sources.

The scheme of improvement of the hospital attached to the Jalpaiguri Medical School, of which mention was made in last year's report, advanced several stages. The district boards of the Rajshahi Division agreed to contribute, in proportion to their income from cess receipts, to the capital cost of the improvement by taking a loan of Rs. 1,28,000 from Government, and the local tea industry agreed to join with the district boards in finding the sum necessary for meeting the recurring cost of maintenance.

The decentralised scheme of anti-rabic treatment, under which the local bodies took over the specialised treatment of patients in their own dispensaries, worked successfully.

Specialised treatment for leprosy was undertaken by several district boards, viz., Bankura, Midnapore, Birbhum, Howrah, Dinajpur, Rangpur and Bogra, which opened and maintained treatment centres, some of the boards employing practitioners specially trained in the Calcutta School of Tropical Medicine.

The total expenditure under the head "Sanitation" rose from Rs. 16,99,562 to Rs. 17,98,490, an increase of Rs. 98,928. Of this increase, however, contributions from Government accounted for a sum of Rs. 77,870 and contributions from other sources for another amount of Rs. 13,317. There was a very slight increase of Rs. 6,126 only in the expenditure on vaccination which, with sanitation, forms a sub-head under "Medical."

The campaign against malaria and kala-azar, both curative and preventive, was carried on with energy by the district boards, Government making the usual subventions. The anti-malarial societies assisted in the campaign.

Treatment centres for kala-azar were maintained by almost all district boards in the districts where this disease prevailed. In Rangpur, the disease

threatened to spread throughout the district as a result of the board's slackening its efforts at control in the belief that kala-azar was on the decline. The board, however, opened a large number of treatment centres to meet the menace.

Anti-malarial work consisted, as before, of (1) deputation of doctors to affected areas for giving treatment and advice, (2) distribution of free quinine, (3) filling up of insanitary tanks and ditches and treating them with kerosene and (4) the cutting down of jungles. Travelling fever dispensaries were opened where necessary. Some district boards also subsidised local medical men for giving free treatment.

The experiment to control malaria over a selected area of 50 square miles by the use of plasmochin and quinine with a special grant made by Government was continued. The experiment is reported to have yielded very satisfactory results by lowering the incidence of the disease in the area. The scheme of prophylactic quininisation by free distribution of quinine through union boards in 5 selected thanas in West Bengal, also financed with a special Government grant, met with a fair measure of success.

A scheme of anti-malarial work was undertaken by the Dacca district board with the co-operation of Government, the Dacca municipality and the Dacca University. A special committee was formed for carrying out an anti-malarial campaign over a selected area.

7. Preventive medicine.—Cholera and smallpox appeared in sporadic form in almost every district, but in most districts the boards adopted preventive measures and special precautions and thus succeeded in preventing these outbreaks from developing into serious epidemics. Several district boards maintained a permanent staff of epidemic doctors in addition to the sanitary staff to cope with these outbreaks. Epidemics of cholera of varying degrees of severity occurred in Bakarganj, Malda, certain parts of Burdwan and some villages in Hooghly. Smallpox appeared in an epidemic form in Bakarganj and in certain parts of Burdwan and Bogra.

The special efforts made by the district boards with the help of the Public

Health Department to combat these epidemics met with a fair measure of success, although in several instances there was unfortunately considerable mortality before the epidemic could be brought under complete control.

A set of draft regulations under the Epidemic Diseases Act was circulated to all district boards which were instructed to move Government to put these regulations in force either throughout the district or in particular areas, as might be considered necessary, in the event of a serious outbreak of cholera or smallpox.

In none of the Divisional reports except that of the Rajshahi Division has any special reference been made to the rural Public Health Organisation which is almost entirely financed by the State. These health units, each of which was staffed by a sanitary inspector, an assistant and a peon, were useful in preventing and controlling epidemics as well as in carrying on health propaganda by rousing a public health conscience among the people. The question of the improvement of the working of this skeleton organisation is now under the consideration of Government.

The only special activities in the direction of maternity and child welfare were health exhibitions and baby shows held in several districts with financial assistance from the district boards, and the training of dais at different centres with the usual contributions from Government. The number of trained dais practising in the rural areas is reported to be on the increase in several districts.

The publicity parties maintained by Government carried on propaganda work on public health by means of cinema shows, lectures and demonstrations. A publicity van specially equipped for the purpose, which toured through the districts in the Burdwan Division, was greatly appreciated by the public.

The sanitation of melas and fairs received the special attention of the district boards and the rural public health staff was of great assistance in exercising sanitary control over these gatherings.

The district boards took increasingly active interest in detecting cases of adulteration of foodstuffs. The public health laboratories maintained by the district boards of Rangpur and Rajshahi

are reported to have done useful work in analysing samples from neighbouring districts. The present congestion in the central laboratory can only be reduced by the opening of similar laboratories in the districts so as to expedite the work of analysis on which further action depends. The sanitary staffs are reported to have been vigilant in the work of checking food adulteration, but much remains to be done before any appreciable impression can be made on the present widespread and vicious practice of making profits at the expense of the health and vitality of the people.

8. **Veterinary Charges.**—There was no expansion of veterinary activities during the year. The income and expenditure under this head were Rs. 2,219 and Rs. 1,79,504 compared with Rs. 2,181 and Rs. 1,79,418, respectively, of the previous year.

The only noticeable increase occurred in the Rajshahi Division (Rs. 2,317). Attention was paid by several boards to the improvement of stock. The district boards of Midnapur, Birbhum, Howrah, Rajshahi, Jalpaiguri, Malda and Darjeeling maintained stud bulls. Itinerant veterinary assistants are reported to have toured extensively in the interior and treated numerous cases of cattle disease. Epidemics which occurred in Burdwan and Pabna speedily yielded to inoculation and other preventive measures.

9. **Civil works.**—The receipts under this head fell by about Rs. 2 lakhs to Rs. 20.63 lakhs, the decrease being wholly due to shrinkage in contributions from Government. The total outlay, however, rose from Rs. 57.9 lakhs to Rs. 60.27 lakhs. The bulk of the increase was under the sub-head "Communications"—an indication that, largely assisted by the grants from the Motor Vehicles Tax Fund and, in certain instances, from the provincial share of the Road Account, the district boards have been enabled to undertake new programmes of road construction and road improvement. There is, however, still a number of these boards which, in spite of increasing receipts have not been able to check the tendency towards decrease in their normal expenditure on roads.

The increase of expenditure under this head in the Burdwan Division was shared by Burdwan, Birbhum and

Hooghly. In the Presidency Division, there was decrease in expenditure in districts other than Jessore and Khulna, the comparative increase in Jessore being due to larger grants from the provincial share of the Road Account during the year under review.

In the Dacca Division the total decrease was small, but there were large variations in expenditure in different districts. The decrease in Dacca is explained by lesser expenditure during the year under review on the improvement of Dacca-Narayanganj Road, financed from the Road Account, which approached completion. Mymensingh, on the other hand, set apart larger funds (viz., Rs. 1,14,229 against Rs. 49,372) than in the previous year for expenditure on the Mymensingh-Tangail Road from the same source.

A slight increase in expenditure on Civil Works in the Chittagong Division was solely due to larger outlay by the district board of Noakhali. The transfer of schools to the School Board reduced the district boards' expenditure on construction and maintenance of school buildings in Chittagong, while in Tippera there was a transfer of portions of certain roads to the Public Works Department and the Comilla municipality.

In the Rajshahi Division, the increase in outlay on Civil Works (Rs. 1,68,203) was shared by all district boards except Rajshahi and Bogra. The increase was marked in Rangpur (Rs. 1,22,545) and Pabna (Rs. 50,328). These two boards were enabled to incur larger expenditure by reason of improved collection of cess arrears.

All the boards in this division except Dinajpur are reported to have paid more attention to the maintenance of their roads in proper repair than to the extension of mileage.

10. **Water-supply.**—A total sum of Rs. 6.30 lakhs was spent under this head during the year under review as compared with Rs. 5.97 lakhs in the preceding year.

The Burdwan Division, as a whole, showed a falling off of Rs. 51,932 in expenditure on rural water-supply. The district board of Burdwan, however, added to its outlay and sank 184 tube-wells and 25 masonry wells while paying adequate attention to maintaining the existing sources. The forward policy of

the district board of Hooghly has borne fruit and it is reported to have solved the problem of water-supply to an appreciable extent with a record of 3,000 tube-wells, 200 ring-wells and 175 reserved tanks, of which 75 belong to the board. Tube-wells have proved a great success in this district.

Birbhum, where scarcity of water is acute, constructed a large number of tube-wells; but the expenditure was still far from sufficient. Bankura, which was subject to intense drought, suffered also from want of funds to meet the demand for pure drinking water. Twenty additional wells were sanctioned by this board, one in each thana, in commemoration of the Silver Jubilee of His late Majesty King George V's ascent to the throne.

The reduced expenditure in Midnapur has not been explained. This district board has, however, since made good the defect by undertaking a comprehensive water-supply programme to be financed largely by a loan from Government. Howrah had still a balance of the water-supply loan earmarked for re-excavation of tanks to utilise, owing to the season for re-excavation having expired before preliminary arrangements could be completed.

In the Presidency Division, the district board of the 24-Parganas alone increased its outlay on augmenting sources of water-supply.

Mymensingh also increased its expenditure on water by constructing 101 masonry wells, 79 tube-wells and 33 ferro-concrete wells and excavating 3 tanks. The Minister trusts that the heavy arrear collection of cesses will enable this board and that of Bakarganj to spend adequately on the improvement of water-supply.

The district board of Chittagong cut down its expenditure on water-supply by pursuing a policy of caution in giving loans to private persons under the loan system. No explanation has been given for the expenditure by the Noakhali district board of a small sum of only Rs. 244 on water-supply.

Of the district boards of the Rajshahi Division, Dinajpur spent 3·8 per cent. of its income on water-supply, thus more than doubling its expenditure under this head. Bogra spent 5·7 per cent. of its total income in sinking 426 tube-wells. Malda constructed 43 masonry wells

through the agency of union boards at economic rates.

The Jalpaiguri district board paid the last instalment of Rs. 10,000 towards the municipal waterworks scheme.

The Minister has very little to add to the observations made in last year's resolution regarding the vastness of the problem of drinking water-supply in rural areas and the necessity for solving it in accordance with a well-ordered programme, financed by capitalising a portion of the current income of the boards. The need for a survey of the sources of water-supply and the preparation of a comprehensive programme has long been recognised.

Since the close of the year under review, the loan policy of Government has been further liberalised with the result that although there has been a fall in the current rate of interest in the money market, the contribution offered by Government towards interest charges has been retained intact. The Minister notes with satisfaction that there are indications that district boards are now generally minded to take fuller advantage of the generous terms offered by Government to enable them to provide an adequate supply of good drinking water, which is the most pressing need of the rural areas.

11. General remarks.—The Minister has read the reports of the Commissioners with interest. On the whole, the district boards acquitted themselves creditably, and in spite of lapses here and there in details, he sees no reason to be dissatisfied with the record of useful work done by the boards during the year.

A conference of Chairmen of district boards, which was held at Darjeeling on the 26th and 27th October 1934, was opened by His Excellency the acting Governor of Bengal. Various problems of public health and medical relief, including those of water-supply and the equitable distribution of the public health and motor vehicles tax grants were among the many subjects discussed at the conference, and decisions of importance were reached in regard to a variety of subjects affecting the administration of local self-government. It was at this conference that the decision, which all the district boards have since implemented, was taken to contribute 2 per cent. of the cess receipts of each

board for the year 1934-35 towards the improvement of the Dufferin Hospital for women for the benefit of mufussil patients belonging to each district.

The report on the working of the Local Audit Department for 1934-35, which has already been published, shows that there has hardly been any appreciable improvement in the keeping and supervision of the boards' accounts and that most of the improper practices and unsound methods, to which exception is being taken year after year, still continue to recur.

These irregularities appear to be due in the first place to lack of financial control; secondly, to lack of supervision and of intelligent interest in the internal administration of the board; and thirdly, to inadequate appreciation of the law and the rules. These defects are not difficult to remove and the Minister trusts that greater attention will be paid by the boards' executives to a closer supervision over the accounts and a stricter compliance with the rules.

Calcutta, the 6th January 1937.

RESOLUTION—No. 63VET.

Minister-in-charge: The Hon'ble Nawab Sir Mohiuddin Faruqi, Kt., of Ratanpur.

Read—

Annual Reports of the Civil Veterinary Department, Bengal, and
of the Bengal Veterinary College for the year 1935-36.

I.—Civil Veterinary Department.

During the year under review the highest mortality in the last quinquennium was recorded, rinderpest contributing 16,768 more deaths as compared with figures for 1934-35. The disease was widespread throughout the province, except in the districts of Howrah and Dacca. The districts of Bakarganj, Noakhali, Chittagong and Burdwan accounted for nearly 60 per cent. of the deaths reported under this head during the year. Only one death was reported from anthrax.

The usual method of preventive inoculation was carried out in 1,406 outbreaks and about four lakhs of animals were inoculated, the death rate among the protected animals being 1·8 per cent. for the whole province. The difficulties of applying the new Goat Tissue Vaccine method had been overcome and it was fortunate that in this year of emergency this new method of inoculation had been developed to such a degree that it could replace that of serum alone.

In addition to their other duties during the year, the veterinary assistant surgeons working in the mufassil visited 18,494 villages and treated 237,252 cases as against 17,600 villages and 153,780 cases, respectively, in the preceding year.

During the year under review 5,045 scrub bulls were castrated against 4,137 in the previous year. The increase in the number of cases of treatment and castration indicates that people realise the benefit of scientific treatment for their animals.

His Excellency acting with the Minister-in-charge has been pleased to note the valuable services rendered by the local officers in materially assisting in the measures taken to bring the epidemic of rinderpest in the district of Bakarganj under control. He also notices with pleasure the names of officers of the department who did good work during the year and desires to acknowledge the efficient way in which Mr. Kerr discharged his duties.

II.—Bengal Veterinary College.

The popularity of this College continued, as can be seen from the increasing demand for admission into the College. The number of students on the rolls at the beginning of the session was 183 of whom 70 were from Bengal. The results of the diploma and annual examinations were satisfactory.

The Governor acting with the Minister-in-charge is pleased to acknowledge the services rendered by Mr. MacGregor in the administration of the College and notes with pleasure the names of members of the College staff who did good work during the year. His thanks are also due to the non-official members of the Committee of Management for the services rendered by them.

By order of the Govt. of Bengal
(Ministry of Agriculture),

H. S. E. STEVENS,
Secy. to the Govt. of Bengal.

RESOLUTION No. 169P.H.

The Report of the Director of Public Health, Bengal, for the year 1935.

Vital statistics.—The total number of births and deaths recorded during the year 1935 was 1,634,129 and 1,131,427, respectively.

Births therefore exceeded deaths by 502,702 as against an excess of 287,633 in 1934.

The provincial birth-rate was 32.7 per mille and the death-rate 22.7 per mille as against 29.3 and 23.6 respectively in 1934.

The birth-rate was the highest recorded since 1919. Even so, however, it was lower than in any other province in India except the North-West Frontier Province and Assam. All districts in Bengal (except Dinajpur and Bakarganj) recorded higher birth-rates than in 1934, and except in Dinajpur, the birth-rates in all districts were in excess of the average for the last ten years.

The proportion of male births to every 100 females born was 108 in 1935 against 107 in 1934.

The death-rate (22.7), which fell by 3.8 per cent. in 1935, was slightly in excess of the last quinquennial average (22.3), but was lower than in any other province in India (except the North-West Frontier Province, Assam and Burma).

Calcutta alone recorded an excess of deaths over births. Birbhum and Bogra, in which the number of deaths exceeded the number of births in 1934 reversed the situation in 1935 with a natural increase of 11.6 and 7.2 per mille respectively.

The rate of natural increase in the province rose from 5.7 per mille in 1934 to 10.0 in 1935. It was still lower than in any other province, except Bihar and Orissa and Assam, the highest rate being 20.68 per mille in the Punjab.

2. *Infant mortality and deaths from maternal causes.*—The rate of infant mortality per 1,000 births came down from 189.2 in 1934 to 158.5 in 1935. The rate was still very high, although certain other provinces recorded higher rates.

259,036 infants under the age of one year died in 1935 as compared with 277,194 in 1934. This represented 22.9 per cent. of the total number of deaths in this province a very slight improvement on the corresponding figure (23.5 per cent.) of the previous year. 59.3 per cent. of the total infant mortality occurred among infants under the age of one month.

There were 15,608 deaths from maternal causes as against 13,692 in 1934: the maternal death-rate per 1,000 births rose from 9.3 in 1934 to 9.5 in 1935.

Another disquieting feature is the steady increase in the proportion of still-births to total births, viz., 4.25 per cent. in 1935 against 3.53 in 1934, 3.44 in 1933 and 3.40 in 1932. Altogether 72,558 still-births were registered in 1935, the corresponding figures for the previous three years being 53,580 in 1934, 52,481 in 1933 and 46,742 in 1932. In view of these facts, Government have interested themselves in the effort now being made to re-establish under the auspices of the Indian Red Cross Society the Training School for Welfare Workers which had to be closed from lack of funds a few years ago.

The need for greater attention to maternity and child welfare work both in urban and rural areas is an obvious one; and the Minister trusts that the local authorities will be in a position to devote an increasing share of their resources to the solution of this important problem.

3. *Cholera*.—There were 59,605 deaths from cholera in 1935 against 50,742 in 1934: this represented an increase of 20 per cent. on the mortality of the previous year and on the average of the previous quinquennium. 5.3 per cent. of the total provincial mortality was due to this disease.

As in the previous year, the rate of mortality from this disease was higher than in any other province except Central Province and Bihar and Orissa. Against the provincial rate of mortality, which rose from 1.0 per mille in 1934 to 1.2 in 1935, the highest rate (2.5 per mille) was recorded by the district of the 24-Parganas, closely followed by Howrah and Noakhali where the rate was 2.4 per mille. Although in as many as 7 districts the rate of mortality was lower than in 1934, the increase in other districts (except Mymensingh and Bogra where the rate remained the same) was responsible for the total increase of deaths from cholera. Darjeeling was free from cholera during the year. Of the total deaths from cholera, 4,770 occurred in towns and 54,835 in the rural areas.

2,689,025 c.c. of anti-cholera vaccine were issued during the year against 2,442,620 c.c. in 1934. The total number of inoculations performed was 2,329,326 against 2,106,269 in the previous year.

Other preventive measures included disinfection of sources of water-supply, provision of facilities for the inoculation of pilgrims, assistance to various local authorities in anti-cholera work and educative propaganda work by means of magic lantern and bioscopic film demonstrations together with the distribution of leaflets and posters on cholera.

4. *Small-pox*. Small-pox was responsible for 7,548 deaths against 8,296 in 1934, showing a reduction in the death-rate from .2 to .1 per mille. The death-rate was highest in April, May and December and lowest in October, but was lower in every month except December than in the corresponding months of the previous decade. Calcutta alone was responsible for 1,173 deaths, or 51.7 per cent. of total deaths in towns: the incidence in Calcutta (1.03 per mille) was higher than in the previous year but was lower than that of the preceding decade. Jessore, Khulna and Darjeeling, with a death-rate of .01 per mille each, were the least affected districts.

As in the year 1934, small-pox accounted for .7 per cent. of the total provincial mortality. The percentage of mortality was, however, lower than in any other province except Burma, Assam, the Punjab and the North-West Frontier Province.

Mortality among young children continued to be very high. 400 infants under the age of one year and 910 children between one and ten years died of small-pox, as against 377 and 966 respectively in the preceding year.

The number of persons vaccinated increased from 6,791,962 in 1934 to 9,106,830 in 1935. Although this number is the highest as yet recorded in a year it includes over 6,000,000 cases of revaccination and there are grounds for believing that more than four-fifths of the total population of the province, still remain unvaccinated.

The average cost of each successful case of vaccination was one anna and six pies against one anna and nine pies in the previous year. The average cost of the manufacture of vaccine lymph per dose of half a grain was 1.4 pie only.

5. *Malaria and kala-azar*.—Mortality from fevers fell from 764,492 in 1934 to 705,628 in 1935, the death-rate being 14.1 per mille of population against 15.3 in 1934 and 14.8 during the last quinquennium. Malaria accounted for 342,955 and kala-azar for 17,469 of these deaths, as against 387,191 and 14,763 respectively in the previous year.

Rangpur recorded the highest rate of fever mortality (22.6 per mille) while, as in the previous year, the rate was the lowest in Calcutta (3.7 per mille).

The death-rate from *malaria* continued to be the heaviest in Rajshahi with 16.4 per mille, as against the provincial death-rate of 6.9 per mille. The other districts which recorded death-rates above 10.0 per mille were Jessore (14.2), Nadia (13.8), Rangpur (12.6), Malda (12.3), Dinajpur (12.1), Bogra (11.0) and Murshidabad (10.8). Compared with the previous year, five districts recorded slightly increased death-rates; and except for Khulna, where the position remained the same, the death-rate declined in all other districts, the decrease being most noticeable in Birbhum (from 15.4 to 9.2) and Murshidabad (from 15.5 to 10.8).

Fever indices for 1935 show the incidence of malaria to be the highest in Jessore (15.5 per cent.), and in excess of 40 per cent. in Burdwan (49.3), Nadia (48.7), Jalpaiguri (44.7), Rangpur (44.5), Hooghly (43.6), Birbhum (43.0), Khulna (42.6) and Dinajpur (41.9).

The death-rate from kala-azar continued to show a slight increase, viz., from .29 to .35 per mille. The number of new kala-azar cases admitted for treatment increased from 121,142 in 1934 to 138,274 in 1935, the increase being most marked in Rangpur, Bogra, Bakarganj, Noakhali, Tippera and Faridpur. On the other hand, Burdwan, Hooghly, Murshidabad, Rajshahi and Dinajpur showed a noticeable decrease in the number of such cases.

Compared with 1934 the death-rate from kala-azar decreased in towns by 11.1 per cent. and in Calcutta by 23.5 per cent., but there was an increase of 20 per cent. in the rural areas. The mortality from kala-azar was the highest in the town of Jessore (1.3 per mille).

The experiment in the intensive treatment of the population with quinine and plasmochin, which was initiated in 1933 in the Memari thana in the district of Burdwan, was continued during the year. It was reported to have resulted in a marked reduction in the incidence of malaria within the area selected; but as the year of review was, till the preceding year, one of unusual drought, it was not possible to make any conclusive deduction from the results, and it was accordingly decided to continue the experiment.

Free distribution of quinine in five selected thanas in Western Bengal was continued during the year.

The campaign against *anopheles ludlowii* in the Salt Lake area, which continued to be a menace to Calcutta, had to be suspended in February 1935 owing to the non-receipt of contribution from the Corporation of Calcutta towards the control measures in this section. This had an obviously unfortunate consequence, as almost all the villages in the Salt Lake area were reported to be breeding *anopheles ludlowii* during the year. Many new foci for the species were also discovered along banks of the river Hooghly, Bidyadhari and Ichamati and elsewhere and also in certain places within the jurisdiction of the Corporation of Calcutta.

Ludlowii control measures were successfully undertaken towards the end of the year at Budge Budge with the co-operation of the jute mill authorities, the local municipality, and the district board of the 24 Parganas. Similar measures were undertaken in the Chengail area by the Bengal-Nagpur Railway in collaboration with some jute mills and the district board of Howrah. The East Indian Railway authorities continued to take anti-larval measures in the railway settlement, Lilloah.

6. *Respiratory diseases*.—Respiratory diseases accounted for 84,868 deaths in 1935 against 85,113 in 1934 representing respectively 7.5 and 7.2 per cent. of the total provincial mortality in these two years. There was no change in the death-rate (1.7 per mille) but it was higher by 21.4 per cent. than the provincial quinquennial average. Compared with the average of the last decade, there was an increase in the death-rate in every district (except Calcutta).

Calcutta, as usual, recorded the highest death-rate of 8.3 per mille; then came Jalpaiguri (4.8), Howrah (3.8), Hooghly (3.7) and Darjeeling (3.5). Malda recorded the lowest death-rate of .4 per mille as in the previous two years.

Pneumonia was responsible for 41,938 of these deaths as compared with 41,006 in 1934 representing a death-rate of .84 against .82 per mille in 1934. The increase was confined to the rural areas only. As before the death-rate from pneumonia was highest in Jalpaiguri (3.66 per mille), followed by Hooghly (2.38) and Calcutta (2.08).

There were 16,525 deaths from phthisis against 14,845 in the previous year, showing an increase of 10 per cent. which was shared by all but eight districts. Darjeeling returned the highest death-rate (2.9 per mille) followed by Calcutta (2.5 per mille).

7. *Other diseases.*—Enteric fever accounted for .8 per cent. of the total provincial mortality. The number of deaths from the disease was 8,709 during the year against 9,754 in 1934. The death-rate decreased by 11.8 per cent. in rural areas, by 2 per cent. in urban areas and by 5 per cent. in Calcutta.

Dysentery took a toll of 27,349 lives and diarrhoea of 24,581 in 1935 as against 29,674 and 24,273 respectively in 1934. As in the previous year, these two diseases accounted for 4.6 per cent. of the total provincial mortality. The combined death-rate was highest in Darjeeling (3.86 per mille) and Howrah (3.52 per mille).

8. *Leprosy.*—Survey and propaganda by the British Empire Leprosy Relief Association had drawn the attention of the local authorities to the growing incidence of leprosy in the province, with the result that more than 200 leprosy treatment clinics were established in several districts. In the district of Bankura alone, which is reported to contain about 45,000 lepers of whom about 40 per cent. are infective, 133 leprosy relief committees were formed by union boards up to the year under review. During the year 1935, 21 leprosy clinics were maintained by union boards, 6 by the district board and 2 by missions. More than 5,000 cases were treated in these clinics.

9. *Fairs and festivals.*—Satisfactory arrangements were made by the Public Health Department and the local authorities concerned for the prevention of the outbreak of infectious diseases at the Ganga Sagar and Nangalbandha melas which are attended every year by a large number of pilgrims.

Out of 15 cases of cholera which occurred at the Ganga Sagar mela, five ended fatally; while at Nangalbandha, where there were a lakh of pilgrims, there were only two cases, but no deaths.

10. *Sanitary works including water supply.*—Rupees 47,86,558 or 42.9 per cent. of the total receipts (including opening balance) of municipalities was spent on sanitary works during the year 1934-35, showing a decrease of 3.1 per cent. from the previous year's expenditure. The average expenditure per head of municipal population was Rs. 2-1-3.8. Rupees 26,09,596 was spent on conservancy, Rs. 10,12,699 on water supply and Rs. 3,35,298 on drainage.

The expenditure of district boards on water supply, drainage and sanitation remained almost stationary; 2.7 per cent. of their income was spent on water supply, 0.1 per cent. on drainage and 9.7 per cent. on sanitation (including vaccination) against 2.9, .1 and 9.9 respectively in the previous year.

During the year the union boards spent Rs. 6,26,582 on water supply, Rs. 65,180 on drainage and Rs. 73,878 on conservancy. Their total expenditure was Rs. 91,16,871 against Rs. 90,12,874 in the previous year.

11. *School hygiene.*—In Calcutta, three Government school medical officers and medical officers attached to particular institutions carried out a systematic inspection of school children; they visited over 100 schools and examined altogether 7,980 scholars, of whom 34.7 per cent. were found to be well-nourished and 18.8 per cent. ill-nourished. 12.8 per cent. of the students were reported to have defective teeth and 14.5 per cent. to be suffering from enlarged tonsils, while 23.1 per cent. were found to be suffering from eye-troubles.

In other municipal towns, 72 schools were visited by 26 medical officers who examined 8,102 pupils. Of these, 31 per cent. were found to be well-nourished and 25.5 per cent. ill-nourished. 10 per cent. had defective teeth and 9 per cent. were found to be suffering from eye-troubles; only 1.8 per cent. of the students had enlarged spleen.

In the rural areas, 2,146 students were medically examined in 54 schools. Of these, 27.5 per cent. were reported to be well-nourished and 32.2 per cent. ill-nourished. 9.5 per cent. had defective teeth; 5.3 per cent. were suffering from eye-troubles, while 13.7 per cent. had enlarged spleen. Important defects in the health of the children were promptly brought to the notice of the guardians for proper treatment.

There was a marked increase in the number of inspections made by rural sanitary inspectors who visited 5,595 schools against 4,865 in the previous year, and inspected 172,032 pupils against 147,599 in 1934.

12. *Educational propaganda.*—Altogether 1,680 lectures and demonstrations on sanitation, including cinematograph shows, were given by the twelve units of publicity staff employed under the Public Health Department. These were attended by over 19½ lakhs of people, against 18 lakhs who attended 1,444 such demonstrations in 1934. The growing popularity of these lectures and demonstrations and the increased demand for the services of the publicity staff in connection with health shows and exhibitions throughout the province testify to the value of this form of health propaganda.

The Public Health publicity staff also rendered valuable assistance to about 100 exhibitions in the mufassil and 30 in Calcutta. The Government exhibition van, in which a cinema party toured in the rural areas, held 84 exhibitions in the districts of the 24-Parganas, Jessore and Midnapore, attended by an aggregate number of about two lakhs of people. Educative propaganda through the radio was continued during the year and lectures were given on various public health subjects. About 60,000 leaflets and 20,000 posters on health subjects were distributed throughout the province. Four new films on sanitation were prepared during the year.

13. *General.*—Although, owing to financial stringency, the Public Health Department was not in a position to take up any new scheme, its normal activities were continued without any serious curtailment. Besides finding a moiety of the charge on account of Health Officers employed by the local authorities, a sum of Rs. 10,97,500 was provided to assist district boards in maintaining their rural health units, the assistance being limited to a maximum of Rs. 2,000 for each thana unit. In addition to a sum of Rs. 2,02,000 allotted from the Government of India's subvention for rural uplift, a sum of Rs. 2 lakhs was spent for the improvement of drinking water supply in rural areas. Other grants included Rs. 70,000 for combating kala-azar, Rs. 45,000 for free vaccination, Rs. 2,30,000 for anti-malarial measures and for the free supply of quinine. A grant of Rs. 10,000 was made to the Tuberculosis Association and a small grant (Rs. 5,500) to the Bengal Branch of the British India Leprosy Relief Association for carrying on propaganda against tuberculosis and leprosy respectively.

The Public Health Department continued to render valuable assistance to the local authorities on the occasion of serious outbreaks of epidemic diseases, by sending extra staff, drugs and disinfectants, to supplement their resources.

14. *Personal.*—Dr. Khambata continued to hold the office of Director of Public Health throughout the year, and the Minister desires to express his appreciation of the valuable services rendered by him and the other officers of the department.

No. 618E.—In exercise of the powers conferred by sections 6, 7, 8, 9, 11 and 27 of the Legal Practitioners' Act, 1879 (XVIII of 1879), and in supersession of all previous notifications on the subject, the High Court of Judicature at Fort William in Bengal is pleased to make the following rules relating to qualifications, admission and certificates, etc., of pleaders and mukhtars practising in the subordinate courts, which are published for general information:—

RULES IN CHAPTERS 28, 37, 38 AND 39 OF THE REVISED CIVIL RULES AND ORDERS, VOLUME I.

CHAPTER 28.

LEGAL PRACTITIONERS' FEES.

Rules regarding the fees payable to legal practitioners framed under section 27 (c) of the Legal Practitioners' Act XVIII of 1879.

717. In suits for the recovery of specific property, or a share of specific property whether immovable or movable, or for breach of any contract, or for damages—

(1) If the amount or value of the property, debt, or damages decreed shall not exceed Rs. 5,000, at 5 per cent. on the amount or value decreed.

(2) If the amount or value shall exceed Rs. 5,000, and not exceed Rs. 20,000, on Rs. 5,000 at 5 per cent., and on the remainder at 2 per cent.

(3) If the amount or value shall exceed Rs. 20,000, and not exceed Rs. 50,000, on Rs. 20,000 as above, and on the remainder at 1 per cent.

(4) If the amount or value shall exceed Rs. 50,000, on Rs. 50,000 as above, and on the remainder at $\frac{1}{2}$ per cent.

Provided that in no case shall the amount of any fee exceed Rs. 3,000.

718. When such suits are settled, withdrawn, compromised, decided on admission of claim or dismissed for default, the fee shall not exceed one-fourth of the fee calculated under rule 717 unless the court otherwise directs, subject to a maximum of Rs. 500.

719. Where such suits are decided *ex parte* the defendant not entering appearance or having entered appearance, not contesting, the fee payable shall not exceed one-half the fee calculated under rule 717 unless the court otherwise directs, subject to a maximum fee of Rs. 1,000.

720. (1) In suits for injuries to the person or character of the plaintiff, such as suits for assaults or defamation, or for injuries to property, or to enforce rights, where the pecuniary value of such injury or right, cannot be exactly defined, as in suits for interference with a right to light or water, or to enforce a right of pre-emption, or suits for the partition of joint property, where partition is improperly resisted, and generally in all suits not included in rule 717, if the plaintiff succeed, the court may order the fee of the pleader for the plaintiff to be calculated with reference either to the amount decreed or according to the valuation of the suit, or according to such a sum, not exceeding the valuation, as the court shall think reasonable and shall fix with reference to the importance of the subject of the dispute. In any such case, the amount of the pleader's fee shall be calculated according to the scale in rule 717.

(2) In this and in the following rules, cases under Part III of the Land Acquisition Act, I of 1894, shall be deemed to be suits, and the fees allowable therein may be calculated either on the amount of compensation decreed in excess of the sum tendered by the Collector, or on any smaller amount which the court in its discretion may think proper.

(3) In the event of the sum tendered by the Collector being decreed, pleaders' fees may be awarded to Government on the difference between that sum and the sum claimed, or on any smaller amount which the court in its discretion may think proper.

(4) Provided that, in any case in which the remuneration under the above rules shall, in the opinion of the presiding Judge, prove to be insufficient, or in any case not provided for, he shall be at liberty to allow pleaders' fees, as in miscellaneous classes under rule 727.

721. If the suit be dismissed upon the merits, or be decided in favour of the defendant, the defendant's pleader's fees shall be calculated according to the scale in rule 717 on the whole value of the suit. If the suit be dismissed on the merits and a decree awarded to the defendant for any matter not included in the plaint, the defendant's pleader's fee shall be calculated upon the amount involved in the plaint, *plus* the amount decreed, according to the scale in rule 717.

722. If the suit shall be decreed for the plaintiff as to part only of his claim, and as to the remainder shall be dismissed or decreed for the defendant, the fees payable by any party in respect of the fees of his adversary's pleader shall be fixed with reference to the value of that part of the claim in respect of which such adversary shall succeed, and shall be calculated according to the scale in rule 717.

723. (1) If in any suit for unliquidated damages the plaintiff shall succeed as to the whole of his cause of action, but shall fail to recover the full amount of damages claimed, the defendant shall not be entitled to any allowance for a pleader's fee in respect of the difference between the amount of damages claimed and the amount recovered, unless the court shall be of opinion that the amount claimed for damages was unreasonable or excessive, and shall, for that or any other cause to be specified, direct that a fee for his pleader shall be allowed to the defendant.

(2) If specially allowed, the amount of such fee shall be fixed with reference to the amount of damages disallowed to the plaintiff, and shall be calculated according to the scale in rule 717.

724. In addition to any fees prescribed in the above rules 717-723 any costs awarded in any proceeding under Ors. 11 and 12, C. P. Code, shall be on the same scale as in a miscellaneous proceedings under rules 727 and 738 notwithstanding anything in those rules to the contrary.

725. If several defendants, who have a joint or common interest, succeed upon a joint defence, or upon separate defences substantially the same, not more than one pleader's fee shall be allowed, unless the court shall otherwise order for a reason which shall be recorded. If only one fee be allowed, the court shall direct to which of the defendants it shall be paid, or shall apportion it among the several defendants in such manner as the court shall think fit.

726. If several defendants who have separate interests, set up separate and distinct defences and succeed thereon, a fee for one pleader for each of the defendants who shall appear by a separate pleader may be allowed in respect of his separate interest. Such fee, if allowed, shall be calculated with reference to the value of the separate interest of such defendant, according to the scale in rule 717.

727. (1) In execution and miscellaneous proceedings, or for any matter other than that of appearing, acting or pleading in a suit prior to decree, the fee when allowed, shall not ordinarily exceed the following scale:

	Rs.
In the court of a District or Subordinate Judge ...	150
In the court of a Munsif ...	50

Note 1.—When fee is allowed in an execution case an order should be recorded by the court stating the amount.

Note 2.—In miscellaneous proceedings, a special sum determined according to the value and circumstances of each case shall be awarded on account of the adversary's pleader's fee and the award of such sum shall be distinctly recorded at the foot of the order in the hand of the presiding Judge unless each party is directed to bear his own costs.

(2) In miscellaneous appeals, or appeals from orders, except in cases where it may be ordered that each party shall pay his own costs, a specific sum shall be awarded as payable on account of the adversary's pleader's fee, and the award of such sum shall be distinctly recorded by the presiding Judge at the foot of the order, with the other costs, if any, incurred by the parties respectively.

Note 1.—This rule does not apply to Courts of Small Causes: See rule 738.

Note 2.—For the purposes of these rules, cases under Part IV of the Land Acquisition Act, I of 1894, shall be treated as "miscellaneous cases," and the fees allowable to pleaders therein shall be calculated under rule 727. (*Rule No. 6 of 23rd March 1885.*)

728. Fees in the hearing of interlocutory applications in suits are in the discretion of the court and if allowed, they shall not exceed the scale in rule 727.

729. If a review be rejected after summoning the opposite party, or if, after the admission of a review, the former judgment be upheld, the pleader's fee, if allowed to the successful party in the review, shall be fixed by the court at an amount which shall not in any case exceed one-half of the amount allowed by these rules in case of an original decree.

730. If, after the admission of a review, the former judgment be reversed, the fee of the pleader in respect of the review, if allowed to the party who succeeds in the review, shall not exceed one-half the amount allowed by these rules in cases of an original decree. The fee allowed in respect of the review will be irrespective of any pleader's fee which may be included in any costs, in respect of the original suit, which may be adjudged to the successful party by the judgment in review.

731. The amount to be allowed on account of the fee of an adversary's pleader in appeals shall be calculated on the same scale as in original suits, and the principles of the above rules as to original suits shall be applied, as nearly as may be, to appeals.

Note.—This rule does not apply to appeals from orders.

732. When the interest of several appellants is joint, not more than one pleader's fee shall be allowed, unless the court shall otherwise order for a reason to be recorded. If one fee only be allowed the court shall direct to which of the appellants it shall be paid, or shall apportion it amongst the several appellants in such proportions as it shall think fit.

733. If several respondents in one appeal appear by separate pleaders, in determining whether several pleaders' fees shall be allowed, the Court shall be guided by the principles laid down in rules 725 and 726.

734. (1) If under the provisions of Or. 41, r. 23, the decree of a lower court be reversed on appeal, and the case be remanded to the lower court to be tried upon the merits, the lower court, on passing its decree, may allow to the successful party such a sum as the court shall consider to be reasonable, not exceeding half the amount calculated according to the scale in rule 717 on account of his pleader's fee in respect of the re-hearing, in addition to the full amount of his pleader's fee calculated according to that scale:

(2) If an appeal be preferred against the decree passed on remand, the fee, if any, allowed by the appellate court to the party succeeding in that appeal shall not, unless for a special reason to be recorded, be less than one-fourth, nor more than half of the amount calculated at the rate mentioned in rule 717, if, by the decree of the appellate court, remanding the case, the same party shall have been allowed a full pleader's fee in respect of the former appeal in the suit, either absolutely or conditionally, upon his succeeding upon the remand:

(3) If under Or. 41, r. 25, C. P. Code, an issue be framed and referred by the appellate court for trial by the lower court, the appellate court may, if it think proper, allow to the party who shall succeed in the appeal such a sum as the court shall consider reasonable, not exceeding half the amount calculated at the rate mentioned in rule 717, for his pleader's fee in respect of the trial of the issue in the lower court, in addition to a full fee, in respect of the appeal, calculated at that rate.

735. Notwithstanding the provisions of rules 717 to 734, if in any instance the payment of fees shall not appear to the court to be just and equitable, it may, for special reason to be recorded in the judgment or order, award a higher or lower fee than that therein prescribed.

736. In cases in which the subject matter of the claim does not admit of valuation, the court shall fix a reasonable fee, regard being had to the time occupied in the decision of the case and the nature of the questions raised therein.

737. When a *mukhtar* is employed, 15 per cent. of the sum allowed as pleader's fee shall be allowed as such *mukhtar's* fee and the remaining 85 per cent. only shall be allowed as the pleader's fee.

738. Rules 717 to 737 so far as they are applicable, extend to Courts of Small Causes constituted under Act IX of 1887, with this exception that in rule 727, the following scale shall apply to Small Cause Court suits:—

A fee not exceeding Rs. 20.

739. Revenue agents should be allowed half pleader's fees. If a pleader and revenue agent be retained and act on the same side in the same suit, one pleader's fee should be allowed.

PART VIII.—Legal Practitioners.*

CHAPTER 37.

THE QUALIFICATION, ADMISSION AND CERTIFICATES OF PLEADERS AND MUKHTARS IN COURTS SUBORDINATE TO THE HIGH COURT.

1. *Qualification of Pleadors.*

922. (1) On and after the 1st January 1930, no person shall be admitted as a pleader in the courts subordinate to the High Court, unless he has served as a probationer for a period of one year in conformity with the following rules, is eligible thereunder and has satisfied the requirements thereof:

Provided that a person who has been enrolled as a pleader under any other High Court and has practised as such in courts subordinate to that High Court, for a period of three years, and who desires to be enrolled as a pleader under this High Court, may be exempted from serving as a probationer as required under this sub-rule, on his making an application to this High Court for the purpose. But any such pleader not completing the aforesaid period of practice shall ordinarily be required to serve as a probationer for one year in accordance with these rules.

(2) Any person, who has obtained the degree of Bachelor of Law of one of the Universities of Agra, Allahabad, Bombay, Calcutta, Dacca, Delhi, Lucknow, Madras, Nagpur, Patna, the Punjab, Rangoon, or of the Muslim University of Aligarh or of the Benares Hindu University, or has passed the examination qualifying himself for obtaining such degree, shall be enrolled as a probationer, provided that his application to serve as a probationer be made within one year from the date of his obtaining such degree, or within such further time as the High Court may for special reason allow, and provided that a Bachelor of Law of one of the Universities aforesaid, other than the Calcutta, Dacca and Patna Universities so applying has passed an examination held under the direction of the District Judge in reading, writing and speaking the vernacular of the district in which he intends ordinarily to practise or under the direction of the Chief Judge, Court of Small Causes, Calcutta, in case the applicant desires ordinarily to practise in his Court or in the Courts of the Presidency Magistrates, Calcutta, in reading, writing and speaking the vernacular of the district of the 24-Parganas.

Note.—The period of one year referred to in this rule shall count from the date of the applicant's diploma.

(3) The application mentioned in the last foregoing rule shall be addressed to the District Judge of the district in which the applicant desires to practise or to the Chief Judge, Court of Small Causes, Calcutta, in case the applicant desires to practise in his Court or in the Courts of the Presidency Magistrates, Calcutta, and it shall specify the pleader with whom and the court in which the applicant desires to serve as a probationer, and shall be accompanied by a certificate from the pleader stating that he is willing to take the applicant as a probationer: Provided that no pleader, who is not a practising pleader of more than five years' standing or is ordinarily practising in the Courts of the Presidency Magistrates, Calcutta, shall be eligible to take a probationer and no pleader shall be permitted to entertain more than one probationer at one time.

Note.—Probationers are not permitted to accept any form of outside employment during the period of probationership without the order of the High Court. Every person applying for enrolment as a probationer should state in his application whether he is otherwise employed or not at the time and, if he is, his case should be referred to the High Court for orders, with full particulars regarding the employment. [G. L. No. 13, dated the 13th May 1933.]

(4) On receipt of the application mentioned in the last foregoing rule and if it is in order, the District Judge or the Chief Judge, Court of Small Causes, Calcutta, as the case may be, to whom it has been made shall grant the permission applied for, and shall cause the particulars to be entered in a register to be kept in his office.

* For fees allowed in respect of an adversary's pleader or mukhtar, see rule 717 *et seq.*

(5) The applicant shall then, during and for a period of one year, serve as a probationer with the pleader and in the court in respect of whom and which, the said permission has been granted.

(6) During the period of probation aforesaid, the probationer shall work with the pleader in and outside court. Such work shall be limited to acting only, and shall not extend to pleading, and the general nature thereof shall be that of assisting the pleader in his professional work as pleader.

(7) During the period of probation aforesaid, the probationer shall also attend the court regularly and shall notify his attendance therein daily to such officer as the District Judge, in the case of service at the headquarters of a district, or the senior Munsif, in the case of service at the headquarters of a subdivision, or in an outlying munsifi or the Chief Judge, in the case of service in the Court of Small Causes, Calcutta, may appoint for the purpose. It shall be the duty of such officer to note the attendance of the probationer in a register to be kept for the purpose.

(8) The probationer shall ordinarily work with one and the same pleader and in the same district throughout the period of his probation, and the pleader shall ordinarily be one in continuous practice throughout such period. In cases where necessity may arise, the service may be with different pleaders, either in the same district or in a different district or districts, for successive periods, but the total period of probation must in no case be less than a year:

Provided that no such service shall be recognised, unless it has been with the previous permission of the District Judge or the Chief Judge, Court of Small Causes, Calcutta, as the case may be, obtained in the manner indicated in sub-rules (3) and (4) above:

Provided further that in the case of a change from a pleader in one district to a pleader in a different district, the permission of the High Court also for such a change has been previously obtained on an application made to it through the Judge of the district in which the probationer is for the time being serving.

Note.—If the Judgeship includes more than one executive district, the application is to be sent, through the District Judge in charge of all the districts comprising the Judgeship.

(9) During the period of probation aforesaid, the probationer may be excused absence for a portion or portions thereof, provided the pleader with whom or the court in which the probationer is to serve is satisfied that there is good cause for such absence, and that the training of the probationer will not materially suffer therefrom. In any other case the deficiency will have to be made up by serving for such further period, not longer than the actual period of absence, as may be necessary in the opinion of the pleader or of the court, as the case may be.

(10) A pleader who is permitted to take a probationer will be allowed to charge a fee of Rs. 50 for his remuneration for the training he gives to the probationer, and may refuse to give a certificate of his willingness to take the probationer unless he receives the same in advance. In case, however, of the pleader not being able to retain the probationer for the full period of probation with him, the probationer will be entitled to a refund of an amount in proportion to the uncompleted portion of the service with such pleader.

(11) Every probationer shall, during the whole period of his probation, be exclusively employed by the pleader in his proper business and practice as such.

(12) On completion of the period of probation as aforesaid, the probationer shall file with the District Judge or the Chief Judge, Court of Small Causes, Calcutta, as the case may be, a certificate in Form A of the schedule from the pleader and a certificate in Form B of the schedule from the Judge of the district or the senior Munsif in the subdivision or in an outlying munsifi or the Chief Judge, Court of Small Causes, Calcutta, as the case may be, and the certificates shall be forwarded by the District Judge or the Chief Judge, Court of Small Causes, Calcutta, as the case may be, to the Registrar of the High Court, Appellate Side, either along with or in continuation of his application for admission as a pleader mentioned in rule 935 *post*; provided that the Judge of the district or the senior Munsif of the subdivision, or outlying munsifi or the Chief Judge, Court of Small Causes, Calcutta, should he entertain a doubt as to whether the probationer has diligently worked as such, may, before giving such certificate, subject the probationer to an examination as regards procedure, and should he not be satisfied as a result of that examination that the probationer has served with diligence, may direct him to continue as a probationer for a further period not exceeding three months.

Every candidate for examination for mukhtarship shall, on or before the 15th November or first open day thereafter in each year, apply to the Committee for leave to present himself at the ensuing examination, and, before he be admitted to such examination, he shall establish to their satisfaction that he possesses the qualifications prescribed for such candidates, and has complied with the provisions of the following rule.

929. Such application is not to be transmitted to the Committee direct, but it is to be filed on or before the said 15th day of November or first open day thereafter in the Court of the District Judge within whose jurisdiction the candidate resides, or is employed (Calcutta for this purpose being taken to be within the district of the 24-Parganas), accompanied with the documents in *original* referred to in clauses (1) and (2) of rule 927, together with the receipt of the officer in charge of a Government Treasury for the fee required previous to examination by rule 934.

Note.—An application for leave to appear at an examination for mukhtarship should be regarded as made to a court in its administrative capacity, and should not be held liable to stamp duty. Such applications should, therefore, be received on plain paper.

930. The District Judge shall thereupon satisfy himself of the sufficiency of the certificates of character presented by all mukhtarship candidates, and shall satisfy himself as to the identity of such candidates, and shall, on or before the 1st December, transmit to the Committee¹ all such applications with the documents accompanying, together with a list of such applications and annexures and with his opinion in each case as to the sufficiency of the testimonials produced and any other information he may think it needful in any case to communicate.

931. The Examiners shall, on receipt of the applications from the District Judge, take the case of each candidate, with the report of the District Judge, into their consideration, and shall determine whether or not the candidate is possessed of the necessary qualifications. If the candidate is found qualified the Committee shall cause his name, the name of his father, his age and place of residence, and other needful particulars to be entered in a register of persons permitted to appear at the examination.

932. (1) An extract from the register shall be forwarded to the District Judge with a declaration that the candidate is permitted to appear at the next ensuing examination at....., for delivery to him. The District Judge shall cause a notice of his having received such extracts to be stuck up in his court-house and shall deliver them to the candidates on application.

(2) The District Judge, in carrying out this rule and rules 929 and 930, shall conform to such instructions as he may receive from the Committee¹ through their Chairman or Secretary.

933. Every candidate for examination shall produce to the Committee¹ the extract from the register when he presents himself for examination.

(C) Fees for Examination.

934. (1) The fees payable by candidates for the Mukhtarship Examination shall be Rs. 20 previous to examination.

(2) If in any case, a candidate for mukhtarship after having paid the fee required to be paid before examination, and having been found duly qualified and permitted to appear at any examination, is prevented from appearing, one-half of the fee paid by him will be refunded on a written application. If such a candidate apply in writing to the Committee within one month from the date of such examination to be allowed to appear at the next examination, his application shall be allowed on his paying one-half of the fee.

(3) Should a mukhtarship candidate be refused admission to the examination, the fee paid by him will be refunded on a written application accompanied by a certificate from the Secretary to the Committee to that effect.

3. Admission to practice of legal practitioners.

935. Any person who shall have qualified under these rules, and who shall desire to be admitted to practice, shall pay into the Government Treasury of the district in which he shall intend ordinarily to practise or the Imperial Bank of India, Calcutta, in case he shall intend ordinarily to practise in the Court of Small Causes, Calcutta, or the Courts of the Presidency Magistrates, Calcutta, the fee prescribed by rule 946; and shall, on presentation of the certificate of the Committee or of his diploma or a provisional certificate showing that he has passed the examination qualifying himself for obtaining the diploma, or licence, of the receipt for the said fee, and of a stamp paper of the necessary value of his first certificate of practice, be entitled to apply to the High Court for admission, stating in what classes of courts he desires to practise, with reference to Schedule 1 and Schedule 2 of Act XVIII of 1879:

Provided that a person who desires to be admitted as a pleader, may apply as aforesaid to the High Court for such admission not earlier than two months before the date on which the period of his probation is due to be completed.

administrative capacity does not fall within the provisions of the Court-fees Act, 1870, and is not liable to any stamp duty. All such applications will be received by District Judges or the Chief Judge, Court of Small Causes, Calcutta, as the case may be, on plain paper, except applications for admission as Pleaders and Mukhtars which shall be in the High Court Miscellaneous Form No. (M) 14A, and where necessary forwarded to the High Court in accordance with these rules.

Note 2.—Copies of the High Court Miscellaneous Form No. (M) 14A which has been priced at one anna per copy, will be available on payment, from the Nazir or any other officer who may be appointed by the District Judge, Chief Judge, Court of Small Causes, Calcutta, or the Commissioner, Surma Valley and Hill Division, for the purpose.

936. The application, together with the certificate or diploma or provisional certificate, the receipt, and the stamp paper required by rule 935 shall be presented to the Judge of the district in which the applicant intends ordinarily to practise or to the Chief Judge, Court of Small Causes, Calcutta, if he desires ordinarily to practise in his Court or the Courts of the Presidency Magistrates, Calcutta; and shall be forwarded by the District Judge or the Chief Judge, as the case may be, to the Registrar of the High Court, Appellate Side, with such remarks as he may think fit to make thereon.

Note 1.—The form of the letter from the District Judge forwarding the application is given in Volume II, Form No. (M) 14. The same form shall be used by the Chief Judge with suitable modifications.

Note 2.—Except in a case where a person applies for enrolment as a pleader under the High Court after practising as such under any other High Court or when a person applies for enrolment through the Judge of the district other than that in which he has served his probationship, no identification of the applicant for enrolment is necessary and therefore paragraph 3 of the form No. (M) 14 is not required to be filled in. [G. L. No. 38 of 14th December 1932.]

937. The name of the applicant and his place of abode, together with his father's name and place of abode, shall be affixed in some conspicuous place in the court-house of the District Judge or the Chief Judge to whom the application is sent, and also in the High Court, at least six weeks before the applicant is admitted to practice.

Provided that an applicant for admission as a pleader shall not be admitted to practice as such until the receipt of the certificates prescribed by sub-rule (12) of rule 922.

938. Applications under the proviso to rule 935 for enrolment as pleaders from probationers who have served as such for a period of ten months shall be forwarded to the High Court without being accompanied by any certificates in Forms A and B, but the fact that the applicants have complied with the proviso should invariably be verified by the District Judge or the Chief Judge, Court of Small Causes, Calcutta, as the case may be. The certificates in the prescribed Forms A and B should be forwarded to the High Court in accordance with sub-rule (12) of rule 922 only after the applicants have completed the probationary period for one year.

939. The High Court may call for evidence of the respectability of the applicant in any case in which it may be deemed necessary.

940. A vakil, or attorney of a High Court other than the Calcutta High Court, is not entitled to practise as such in the Provinces of Bengal and Assam, unless he ordinarily practises in the court on the roll of which he is entered, or some court subordinate thereto. (See secs. 4 and 5 of Act XVIII of 1879.)

4. *Certificates and their Renewal.*

941. Upon the applicant being admitted by the High Court, the Registrar of the High Court shall cause his name to be entered in the proper register, and shall grant him a certificate as required by section 7 of the Legal Practitioners' Act (XVIII of 1879), authorising him to

practise up to the end of the current year in the courts, and, in the case of a pleader, also in the revenue offices, specified therein.

Note.—Pleaders holding certificates under clause (e) of Schedule II of the Legal Practitioners' Act, 1879, are entitled to practise before Munsifs when exercising Small Cause Court powers, and lower grade pleaders who formerly practised in the Provincial Small Cause Courts constituted under Act XI of 1865 or Act IX of 1887, may be allowed to practise before Subordinate Judges when exercising Small Cause Court powers; but for this purpose they must hold a certificate under clause (d) of the Schedule.

942. The certificate shall bear the number assigned to it in the register, and shall be signed by the Registrar and forwarded to the District Judge or the Chief Judge, Court of Small Causes, Calcutta, as the case may be, to be delivered to the applicant.

943. Every application by a pleader or mukhtar for the renewal of his certificate under section 7 of the Legal Practitioners' Act, 1879, must be made through the Judge presiding over the court in which he ordinarily practises, and unless the High Court otherwise orders shall be made not later than 15th November. The pleader or mukhtar, unless he has been ordinarily practising in the court of the District Judge or the Chief Judge, Court of Small Causes, Calcutta, or other officer authorised to renew certificates, shall with his application file a certificate of character from the Judge presiding in the court in which the applicant ordinarily practises. The Munsif, Subordinate Judge, or Judge of a Small Cause Court may forward the application for a renewed certificate to the District Judge.

Note 1.—See Note 1 to rule 935.

Note 2.—The Chief Presidency Magistrate, Calcutta, is authorised under sec. 7 of the Legal Practitioners' Act, 1879, to renew the certificates of practice of pleaders and mukhtars at the time ordinarily practising in the jurisdiction of any of the Presidency Magistrates' Courts in Calcutta. (Notification, dated the 1st February 1900.)

944. Certificates may be renewed under sec. 7 of the Legal Practitioners' Act (XVIII of 1879), by the Judge of the District Court or the Chief Judge, Court of Small Causes, Calcutta, or other officer authorised to renew certificates whether the value of the stamped paper on which the renewed certificate is to be issued (as prescribed by the second schedule of the Act) is the same as, or different from, the value of that on which the certificate in force of the particular pleader or mukhtar was issued.

945. The renewed certificate shall state the fact and date of its renewal and shall specify the classes of courts and offices in which the applicant shall be authorised to practise regard being had to Schedule II of Act XVIII of 1879.

Note 1.—In granting renewed certificates under clause (c), Schedule II, Part I, of the Legal Practitioners' Act, XVIII of 1879, the words "except the Calcutta Small Cause Court" should be inserted at the end of paragraph 2 of the certificates in the case of pleaders who are not graduates in law of one of the Universities mentioned in rule 922 (2) *ante*.

Note 2.—No mukhtar enrolled on and from the first day of April 1925 shall be empowered to practise in the Courts of the Presidency Magistrates, Calcutta. In granting renewed certificates under clauses (h), (i) and (j), Schedule II, Part II, of the Legal Practitioners' Act, XVIII of 1879, to such mukhtars the words "except the Courts of the Presidency Magistrates, Calcutta" will be inserted at the end of paragraph 2 of such certificates.

946. The fees payable on application for enrolment shall be as follows:—

	Rs.
Pleader	25
Mukhtar	10

Note.—As to value of stamps for certificates, whether original or renewed, see section 25 of the Legal Practitioners' Act, 1879, and the second schedule to the Act.

947. A pleader or mukhtar desirous of practising in any district other than that in which his certificate was last renewed, shall apply to the District Judge of such district for the entry of his name in the district roll of pleaders and mukhtars. Similarly, a pleader ordinarily practising in the Court of Small Causes, Calcutta, who desires to practise in any district or *vice versa* shall apply to the District Judge concerned or the Chief Judge, Court of Small Causes, Calcutta, as the case may be, for the entry of his name in the district roll of pleaders or in the roll of pleaders maintained by the Chief Judge. Before complying with the application the District Judge or the Chief Judge shall satisfy himself by such enquiries as he may think fit, as to the applicant's identity and previous good conduct.

948. (1) If any person having obtained the degree entitling him to be enrolled as a probationer in accordance with rule 922, or the certificate entitling him to be admitted and enrolled as a mukhtar, shall fail to apply for such enrolment as a probationer or as a mukhtar, as the case may be, for a period of one year from the date of his diploma or certificate, he shall not be enrolled unless, by special order of the High Court, the time for such application be extended.

(2) A person who shall fail to apply for admission and enrolment as a pleader within one year from the date of completion of the probationary period prescribed by rule 922, shall not be entitled to apply for such admission and enrolment unless with the special leave of the High Court.

949. If any person having been admitted and enrolled as a pleader or mukhtar shall neglect to take out a certificate, or having obtained a certificate, shall fail to renew it for a period of three years, he shall not be entitled to receive a certificate, or to have his certificate renewed, without further orders of the High Court and shall be required to produce satisfactory testimonials to his character during the interval.

Note 1.—When a pleader or mukhtar applies for the renewal of his certificate after the expiry of the year for which it was last renewed, he should state in his affidavit explaining the delay in applying for renewal that he has not practised in any court since the expiry of the period for which his certificate was last renewed.

Note 2.—Attention is invited to the fact that such an affidavit should be executed on an impressed non-judicial stamp (of Rs. 2 in Bengal and Re. 1 in Assam) under Art. 4, Sch. I, of the Indian Stamp Act. [G. L. No. 16 of 5th June 1933.]

950. Any person who shall hold any appointment or be engaged in any occupation, trade or business, at the time of his application for admission as a pleader or mukhtar, shall state the fact in his application for admission; and the High Court may refuse to admit such person or may pass such other orders on it as it thinks proper.

951. Pleaders and mukhtars shall not, while practising as such, be debarred thereby from holding any appointment or engaging themselves in any occupation, trade or business but a person who, having been admitted as a pleader or mukhtar, intends to accept an appointment or engage himself in an occupation, trade or business, shall, prior to accepting such appointment or so engaging himself, by letter addressed to the Registrar, inform the High Court through the District Judge or the Chief Judge, Court of Small Causes, Calcutta, as the case may be, of his intention and shall state whether or not he prays for leave to suspend practice as a pleader or mukhtar, and the High Court may either grant such leave, or may, if such appointment, occupation, trade or business shall appear to be derogatory to a practising member of the legal profession or likely to interfere with the discharge of his professional duties as a pleader or mukhtar, refuse to renew his certificate while holding such appointment or so engaged, or may make such other order or orders as may seem fit.

Note.—The intimation provided for by this rule shall be given by mukhtars, if any, practising in the Court of the Presidency Magistrate through the Chief Presidency Magistrate, Calcutta.

952. Any person, who having obtained leave or having been refused a renewal of his certificate under the last preceding rule, desires, on relinquishing his appointment or ceasing to be engaged as aforesaid, to be readmitted to practice, shall apply through the District Judge or the Chief Judge, Court of Small Causes, Calcutta, as the case may be, to the High Court for permission, and shall furnish with his application such evidence as the District Judge or the Chief Judge, Court of Small Causes, Calcutta, as the case may be, shall require of good conduct and character during the period for which he obtained leave or his certificate was not renewed.

953. It shall ordinarily be considered unprofessional conduct on the part of a pleader or mukhtar to act professionally in connection with any matter or litigation concerning or arising out of an extraneous employment that he may have held or an occupation, trade or business in which he may have engaged himself.

CHAPTER 38:

ANNUAL RENEWAL OF LEGAL PRACTITIONERS' CERTIFICATES, AND RETURNS OF THE SAME.

954. All pleaders' and mukhtars' certificates, whether taken out for the first time or renewed, shall be issued by District Judges or the Chief Judge, Court of Small Causes, Calcutta, as the case may be, as from the 1st January of the year in which they are taken out. District Judges and the Chief Judge shall submit, during the first week of February in the following year, a return of the certificates renewed by them for the current calendar year, as well as the names of those pleaders and mukhtars who had not renewed their certificates up to the date of report, and who are not therefore entitled to practise. A list containing the names of these last-mentioned persons shall be posted in the court-house, with an intimation that they are liable to penalties if found practising without having renewed their certificates. If any pleader or mukhtar, whose name appears in the list, shall subsequently take out a certificate during the year, his name shall be reported to the High Court.

Note 1.—The form of the annual return prescribed by this rule is given in Volume II, Form No. (S) 33.

Note 2.—The renewing officer shall check the entry in column 5 of the register in Form No. (R) 35 with the value of the stamp paper on which the certificate is renewed and then put his initial in column 6. If for want of time he is unable to check the entries in column 5, he is authorised to delegate his duty to the ~~sheriff~~ ^{clerk} or head clerk or both. In that case the checking officer will after scrutiny certify that he has found the entries and the stamps to be correct and the renewing officer will then put his initial on the strength of the certificate. [G. L. No. 20 of 2nd May 1932 and No. 28 of 25th June 1932.]

955. Separate returns should be submitted of (1) pleaders, and (2) mukhtars, and the first part of each return should show, in order of seniority, the names and particulars of those who have renewed their certificates, and the latter part, the names and particulars of those who have not done so.

956. (1) District Judges will inform the District Magistrate of the names of any pleaders and mukhtars who may enrol themselves in their courts, or may renew their certificates.

(2) Similarly, the Chief Judge, Court of Small Causes, Calcutta, will inform the Chief Presidency Magistrate, Calcutta, of the names of pleaders who may enrol themselves in his court or, whose certificates may be renewed by him.

[Bengal Government's Notification No. 4445J., dated the 1st August 1923.]

In exercise of the power conferred by section 37 of the Legal Practitioners' Act, 1879 (XVIII of 1879), and in supersession of all previous notifications and resolutions on the subject, the Governor in Council is pleased to make the following regulations for conducting the examination of candidates for admission as mukhtars in the mufassal courts subordinate to the High Court of Judicature at Fort William in Bengal:—

Regulations.

1. The conduct of the examination is vested in the Committee of Legal Education (hereinafter referred to as the Committee) consisting of—

- (a) four Judges of the High Court to be nominated by the Chief Justice;
- (b) the Advocate-General, Bengal;

- (c) the Legal Remembrancers to the Governments of Bengal and Assam;
- (d) the Senior Government Pleader in the High Court; and
- (e) The Registrar, High Court (Appellate Side).

The senior Judge of the High Court on the Committee will act as Chairman.

2. The Committee for the purpose of these regulations shall be assisted by a paid Secretary, to be appointed by the Committee in consultation with Government.

3. Government will, from time to time, on the recommendation of the Committee, appoint Examiners in Law. Examiners shall ordinarily be selected from among gentlemen practising as advocates or vakils in the High Court, but the Committee may at its discretion recommend any other person whom it considers to be duly qualified.

4. The examination of candidates shall be held on such dates within the month of February or March in each year as shall be appointed and duly notified by the Committee.

5. The examination shall be held at Calcutta, Gauhati and Sylhet.

6. The examination shall be conducted in English, by written questions.

7. The questions shall be prepared by the Examiners and shall be so framed as to test the knowledge of the candidates in the subjects mentioned in the rules passed by the High Court for the qualification, admission, and enrolment of mukhtars in mufassal courts, and they shall be so drawn that a candidate may be able to pass by studying the regulations, enactments, and text-books therein specified.

8. The number of marks to which each candidate shall be entitled for his answers to the questions shall be determined by the Examiners, subject to the control of the Committee.

9. No candidate will be allowed to take into the examination room any books, private memoranda or paper of any description, and any one detected in doing so will not be permitted to undergo examination. Any candidate found to be using unfair means while undergoing examination may be summarily ejected from the examination room, and refused admittance for the remaining portion of the examination.

All cases in which candidates use or attempt to use any unfair means in connection with the examination, or in which any person assists or attempts to assist any candidate by unfair means, shall be reported to the Committee. The Committee shall have the power to pass any order which it may consider to be proper, including forfeiture of all benefit from any part of the examination already undergone, forfeiture of fees paid and prohibition from appearance at the remaining portion of the examination, or at all or any future examinations.

10. When the examination shall have been concluded, the Committee shall submit to Government the names of those candidates who have passed, together with a report of their proceedings.

11. The names of the successful candidates shall be published in the (1) *Calcutta Gazette* and (2) *Assam Gazette* and certificates under the signatures of the Chairman and Secretary of the Committee, shall be forwarded for distribution to the successful candidates by the Judges of their respective districts.

12. Government will, from time to time in consultation with the Committee, determine the amounts of the fees to be paid by candidates, and the emoluments to be received by the Secretary and the Examiners, and similar matters. On all points in which the interests of Government are affected, the Committee shall consult Government.

13. The Committee will from time to time determine the number of papers to be set, the number of questions to be comprised in each, the marks to be allotted to each paper, the marks required for a pass, and similar matters:

Provided that the amount of the fees to be paid by candidates under Rule 12, and the matters determined by the Committee specified in Rule 13, shall be set out in the notification to be published under Rule 4.

14. The examination of candidates for mukhtarship held at Gauhati and Sylhet will be conducted, under the orders of the Committee of Legal Education, by a Superintendent, to be appointed by the Government of Assam. Such Superintendent may be a judicial officer, or other officer of Government who may be available for the duty, provided that, as a general rule, District Judges and Subordinate Judges should not be so employed. The Superintendent will receive no fee.

No. 621E.—The following rules having been framed by the High Court of Judicature at Fort William in Bengal and approved by the Governor-General in Council under section 107 of the Government of India Act, are published for general information:—

RULES IN CHAPTERS 40, 41 AND 42 OF THE REVISED CIVIL RULES AND ORDERS, VOLUME I.

CHAPTER 40.

RULES REGARDING VAKALATNAMAS AND MUKHTARNAMAS.

963. Vakalatnamas and mukhtarnamas, whether executed by principals or their attorneys and agents and mukhtarnamas under the authority of which vakalatnamas are executed, shall not be required to be verified on oath. The responsibility in regard to all such documents being properly and correctly executed shall rest entirely with the legal practitioners concerned. This rule does not apply to cases in which only mukhtars or agents not duly certificated under any law, for the time being in force are employed. In all such cases the mukhtarnamas shall be verified on oath.

Note.—This exception does not affect the practice in criminal courts. (C. O. No. 19 of 11th May 1878.)

964. Advocates and vakils practising in the High Court shall note on their vakalatnamas the names of the mukhtars or other persons from whom the vakalatnamas are received.

965. The appointment of a mukhtar in addition to a pleader cannot be authorised on the vakalatnama appointing the latter, but only on a separate document drawn as a mukhtarnama and *vice versa*.

966. No advocate, vakil or pleader without accepting in writing a vakalatnama (and filing it if it be not already filed) shall act in any case.

967. No advocate, vakil or pleader shall plead in any case unless he has (a) been engaged for that purpose by another advocate, vakil or pleader duly appointed to act for the party or (b) filed a memorandum of appearance under Or. 3, r. 4, C. P. Code [substituted by section 2 of the C. P. Code (second amendment), Act XXII of 1926].

968. When the party cannot sign his or her name, the vakalatnama or mukhtarnama must be endorsed as follows:—

I, A.B., do hereby appoint C.D., advocate/vakil/pleader/mukhtar, to act for me in the abovenamed cause, in token whereof I have made my mark in the presence of E. F.

X. (Mark).

and I, E.F., do hereby attest the above mark as having been made in my presence by A.B., who is known to me.

X. (Signature).

Note.—The attester should be a person other than the person who writes the endorsement.

969. (1) All judicial officers will publicly impress upon advocates, pleaders and mukhtars a sense of their responsibility to the courts in which they practise in the matter of accepting vakalatnamas or mukhtarnamas, as the case may be, from parties themselves, or from persons professing to be authorised by special or general powers-of-attorney to act on behalf of other persons.

(2) The courts accept vakalatnamas and mukhtarnamas on the responsibility of the legal practitioners filing them. An advocate, vakil or a pleader accepting a vakalatnama or a mukhtar accepting a mukhtarnama purporting to be executed by his client in person is bound to satisfy himself as best as he can that it was so executed. When it purports to be executed by a third party, on behalf of his client, he is bound to ascertain that such person has been duly empowered by the client to appoint an advocate, vakil, pleader or mukhtar, as the case may be, and has himself executed the document.

(3) No advocate, vakil or pleader shall receive a vakalatnama and no mukhtar shall receive a mukhtarnama from any person other than the party himself or his recognised agent within the meaning of the C. P. Code (Or. 3, r. 2), or a person duly authorised by power-of-attorney to act in his behalf, or his servant, relation or friend or an advocate or vakil or pleader or mukhtar specially authorised in writing in that behalf.

Note 1.—The authority should be in the following form:—

I, A. B., do hereby authorise C. D., my relation/servant/pleader, etc., to deliver the accompanying vakalatnama/mukhtarnama to E. F., my duly appointed advocate/vakil/pleader/mukhtar in the abovenamed cause.

X. (*Signature or thumb impression*).

Note 2.—The authority may be endorsed on the vakalatnama or mukhtarnama itself.

(4) No advocate, vakil, pleader or mukhtar shall receive a vakalatnama and no mukhtar shall receive a mukhtarnama from a person who is unable to sign his or her name, unless it bears an endorsement in the form prescribed by rule 968 above.

(5) Where there are more parties than one and they desire to appear by separate vakalatnamas or mukhtarnamas, the vakalatnama or mukhtarnama of one may be received from any other similarly authorised, but if they desire to appear by one and the same vakalatnama or mukhtarnama, it may be received from any one of them or from a person duly authorised by any one of them without special authority from the others.

(6) Every advocate, vakil or pleader filing a vakalatnama and every mukhtar filing a mukhtarnama shall endorse on the back of it with his own hand the following particulars:—

(i) the date of acceptance,

(ii) the name of the person from whom it is received, and

(iii) if such person is neither the client himself nor an advocate, vakil, pleader or mukhtar, the precise nature of the authority of that person with date of the authority.

Note 1.—Bench clerks and other officers who are authorised to receive vakalatnamas or mukhtarnamas must in every case satisfy themselves that the endorsements are properly made and contain all the particulars required by this rule.

The name of the person from whom the document is received must always be given and it is not enough to describe him as plaintiff or defendant. This applies also to each case of subsequent acceptance under sub-rule (7).

Note 2.—Subsequent acceptance of a vakalatnama or mukhtarnama already filed shall also be endorsed with the same particulars under the three heads (i), (ii) and (iii) [rule sub-rule (7)].

(7) A vakalatnama or mukhtarnama, which has been filed in court may subsequently with the permission of the presiding Judge, be accepted by an advocate, vakil, pleader or mukhtar, as the case may be, whose name appeared in it at the time when it was first filed; in the case of such subsequent acceptance the endorsement shall contain the same particulars as are required in the case of the first acceptance under sub-rule (6) above.

Note 1.—A pleader's registered clerk cannot transfer a vakalatnama to any pleader.

Note 2.—The several provisions of rule 969 apply to attorneys practising in the subordinate courts.

970. A party who has retained an advocate, vakil, or pleader to appear and act for him and appointed him by execution of a vakalatnama cannot be heard in person, unless he first withdraws the vakalatnama and determines the appointment in the manner laid down in Or. 3, r. 4, C. P. Code.

971. (1) If no fresh vakalatnama is filed in execution cases, the party applying for execution must make a verified statement that the advocate, vakil or pleader filing the application for execution is the duly authorised advocate, vakil or pleader who acted for him in the original suit.

(2) As the powers conferred on an advocate, vakil or pleader cease on the enforcement of the decree, —that is on payment of the money (if money be decreed) into court—an advocate, vakil or pleader in a suit cannot receive without any special power, sums realised in execution of the decree in such suit. The taking of the money out of court is a subsequent and separate transaction and no advocate, vakil or pleader shall be allowed to receive or withdraw the same unless—

- (a) the vakalatnama under which he acted on behalf of his client in the suit or in the execution proceedings (where a fresh vakalatnama has been filed) contains a special clause enabling him to do so, or
- (b) there is a separate instrument distinctly conferring on him the authority to do so, or
- (c) the decree-holder has in his application for execution made a verified statement that a special power to receive money realised in execution had been conferred on the advocate, vakil or pleader who acted for him in the suit concerned and also a prayer that the money should on realisation be paid to the said advocate, vakil or pleader acting on his behalf under such power.

CHAPTER 41.

DRESS.

972. Advocates and Vakils of the High Court shall when appearing in the Subordinate Courts, wear the same gown as in the High Court.

973. The following distinctive dress shall be worn by legal practitioners of the subordinate courts when appearing in court:—

(1) *By Pleaders.*—(a) A black or white *chapkan*, *achkan* or buttoned-up long coat with trousers to match and a black alpaca gown of the cut and shape of a B.A. gown; or

(b) If European dress is worn, then a black coat with dark or white trousers and a black or dark coloured plain tie and the gown.

Note 1.—“White” in sub-rule (1) (a) comprises any plain dull colour like whitish, pale cream, natural, tussore, etc.

Note 2.—(a) The wearing of the gown is compulsory.

(b) The privilege extends to all pleaders authorised to practise under section 7 of the Legal Practitioners’ Act, 1879 [General Letter No. 4 of 29th April 1915].

Note 3.—Pleaders who desire to wear out their existing green gowns may be permitted to appear in them so long as they are fit to be worn.

Note 4.—Pleaders have the option of wearing or not wearing their gowns when appearing before Magistrates or other executive officers discharging civil and revenue duties, who are not themselves required to wear gowns.

(2) *By Mukhtars.*—The same dress as that of pleaders in sub-rule (1) (a) and (b) but without the gown and with a black or white *choga* or a white *chaddar* crossed at the breast when wearing the *chapkan* or *achkan* in sub-rule (1) (a).

Note 5.—The wearing of a head dress, a turban or a *pugree* for pleaders and a *shamla* for mukhtars, when appearing in Indian dress, is optional.

CHAPTER 42.

PLEADERS AND MUKHTARS’ REGISTERED CLERKS.*

974. The expression “Registered Clerk” means a clerk who is employed by a pleader or mukhtar in connection with his legal business and who is registered under these rules.

*In exercising the powers mentioned in rules 977 and 981 the subordinate civil and criminal courts shall be subject to the general control of the District Judge and the District Magistrate, respectively.

975. A registered clerk shall for the purpose of performing the ministerial part of the work of his employer's office have access to any court in which the latter is authorised to practise and to such of its ministerial officers as may in that behalf be designated by the presiding Judge of such court.

Note 1.—"Access" means approach to; it does not authorise a registered clerk to go inside the office of any court. *See also* rule 1034.

Note 2.—No person employed by a pleader or mukhtar other than a registered clerk shall be allowed access to any of the courts of the district or to have any dealing with the ministerial officers attached thereto.

Note 3.—A registered clerk desiring to have access to any ministerial officer shall on demand produce his card.

976. Not more than one clerk at a time in the case of a mukhtar, and not more than two clerks in the case of a pleader shall ordinarily be registered.

Note.—It is only in special cases that a legal practitioner may be allowed to employ any registered clerk in excess of the number prescribed by this rule. Such cases should be reported to the High Court for orders with a statement of the reasons for exceeding the prescribed number.

977. At district headquarter stations the registering authority shall be the District Magistrate in the case of clerks of mukhtars ordinarily practising in the magisterial courts and the District Judge in all other cases and at other stations such authority shall be the principal magisterial court and the principal civil court respectively. Where there is more than one civil court of the same grade at any such station, the power shall be exercised by the senior Judge unless the District Judge otherwise directs.

978. (1) Every application for the registration of a clerk shall be made to the registering authority by the pleader or mukhtar desiring to employ him. It shall be accompanied by a statement of the clerk proposed to be employed that he is willing to be taken in as a registered clerk of the legal practitioner concerned and that he will employ himself exclusively in the service of his master for the purpose of his *bona fide* legal business.

Note.—Every person who desires to be registered as a clerk shall be required to write before the registering officer or any person appointed by him for the purpose and no person whose handwriting is illegible or bad will be registered as a recognised clerk.

(2) Such application shall be on plain paper and shall contain—

- (i) A certificate from the pleader or mukhtar that the person proposed is to the best of his belief fit to be so employed and will be employed *bona fide* in his own service and for the purpose of his legal business;
- (ii) the name or names of other registered clerks, if any, under him;
- (iii) a statement declaring that he has no unregistered clerk and undertaking not to employ any such clerk during the year.

Note 1.—No clerk who previously worked under a pleader or mukhtar practising at any station will be registered for service under a different pleader or mukhtar unless he files a certificate of good conduct from his previous employer.

Note 2.—When issuing cards care should be taken to see that the clerks have a sufficient knowledge of both English and vernacular and are fully conversant with the duties they have to perform.

(3) The registering authority on receiving the application may—

- (i) dispose of it at once when the person proposed is known to him; or
- (ii) refer it to the Bar Association or the Mukhtars' Association, as the case may be, for their opinion; or
- (iii) make such other enquiry as he thinks necessary.

(4) When the registering authority is of opinion that the person proposed is a fit and proper person to be employed as a registered clerk he shall enter his name in the Register of Clerks [Form No. (R) 36] and

issue to him a card in Form No. (M) 35. These cards shall be strictly non-transferable and shall be returned at the close of each year when clerks must be re-registered.

(5) Each registering officer shall at the beginning of the year send a copy of his register and of all subsequent additions and alterations therein immediately after they are made to the other registering authority, if any, at the same station for information and for incorporation in his register.

979. Every application by a pleader or mukhtar for the annual renewal of his clerk's registration cards must be made to the registering authority not later than 15th November in the manner prescribed in rule 978 and the several provisions of that rule shall apply to each case of annual re-registration.

980. If an application for renewal of registration card be made after the prescribed date, it shall be accompanied by an affidavit by the clerk explaining the delay in applying for renewal and when such application is made after the expiry of the period for which it was last granted, it should be further stated in the affidavit that he has not since then worked as the clerk of any pleader or mukhtar in any court.

981. Any registering authority in the case of a clerk registered by him may for reasons to be recorded in writing and after hearing the clerk in his defence, order his suspension or removal from the register and the cancellation of his card, if he is guilty of any misconduct such as to unfit him for the exercise of his duties, or convicted of any offence involving moral turpitude. Every order of removal shall be communicated to the other registering authorities of the district.

Note.—Proceedings taken against clerks under this sub-rule are administrative and not judicial proceedings.

982. No person whose name has been struck off the register shall be recommended for registration by any pleader or mukhtar at the same or any other station.

983. No person registered as the clerk of one pleader or mukhtar shall do business in the courts or offices thereof on behalf of any other pleader or mukhtar except in the case of illness or absence on leave of any registered clerk, when the presiding Judge of the court may on the written requisition of the pleader or mukhtar under whom the clerk is engaged permit the registered clerk of another pleader or mukhtar to discharge the absentee's duties for a period not exceeding fifteen days.

984. No clerk registered as the clerk of a particular pleader or mukhtar shall, except in the absence of his employer, pass or hand over to another pleader or mukhtar any paper written by him to be filed in a case unless such paper also bears his employer's signature.

985. The rules regarding registration of pleaders' clerks shall also apply to the clerks of vakils and advocates ordinarily practising in subordinate courts.

986. The courts shall allow the registered clerks of lawyers practising before them—

(1) to present applications signed by their masters, for—

(a) copies or information,

(b) supply of forms,

(c) return of documents,

(d) repayment of deposits,

(e) inspection,

(f) all applications of a routine nature,

(2) to take delivery of copies or information,

(3) to tender money,

(4) to identify persons verifying affidavits before the sheristadar,

(5) to take notes from cause lists, books of information, etc., regarding dates of hearing, processes and process-fees due, etc., etc.

987. Clerks will not be allowed to inspect or handle records.

By order of the High Court,
